County Gets $104,566 TB Grant

Hospital Funds Approved

Use Money To Equip Building

Grant of $104,566 in federal funds has been approved by the U. S. surgeon general, Richland county's TB building commission learned today.

Meeting informally at the courthouse, the group heard the good news read by Dr. John S. Hattery, who relayed the message from a letter written to the commission by Dr. John D. Porterfield, director of the Ohio Health department. Dr. Hattery is chairman of the building commission.

As outlined by Dr. Porterfield, the grant covers Sections 1 and 2 of the application for the funds from the county. These sections specify the federal aid for plumbing, heating, wiring and furnishings for the new 84-bed sanatarium.

Entire equipment cost is expected to total $313,699, of which the county will pay two-thirds. Other estimates include $212,861 for plumbing, heating, elevators and wiring; $90,838 for furnishings X-ray, beds, and kitchen equipment.

Two bond issues totaling $700,000 which were approved by county voters will provide most of the funds needed for the sanatorium project.

BIDS DUE MAY 19

Bids for general construction and plumbing, heating, and electrical equipment will be opened a third time May 19. Previous bids on the construction were rejected because they topped the cost estimates.

Herbert S. Jones, architect for the building, said construction can start "within a week" if bids are accepted.

Jones said he expected bids from "two or three more contractors" in addition to the builders who had figured the job before.

Conductor Found Dead

BUCYRUS — The body of Pearl Culver, 65, a New York Central railroad conductor, was found at 9 a. m. today by A. C. Albright, car inspector, police reported.

His body was found in a caboose in the railroad yards. Police said that he had been shot through the right temple with a .38-caliber revolver which is part of the standard equipment on a caboose.

The pistol was found in Culver's hand and police said there was no doubt he took his life.

The trainmaster said he saw Culver walking through the yards yesterday at 5 p. m.

Culver was laid off two weeks ago due to ill health. He was due to retire this month after 45 years of service with the railroad.

He leaves four children, Richard of Vetsville, Roger of near Bucyrus and James and Mrs. Kenneth Rarick, both of Toledo. He also leaves five grandchildren.

Bricker Addresses Wyoming Republicans

CASPER, Wyo.—(AP)—Wyoming Democrats and Republicans are expected today to choose uninstructed delegations to their national conventions. The Republicans will elect nine delegates and the Democrats six. Sen. John W. Bricker (R-Ohio) will deliver the keynote address at the Republican meeting.

Mechanical Wolf Calls Cause Arrest

As far as the Mansfield police department is concerned, whistling or howling at women shall be done, if at all, vocally.

Albert W. Ziegler, 136 Columbia avenue, took advantage of one of the latest devices designed to attract female attention when he attached a "wolf-whistle" to the manifold of his car and proceeded to use it.

He also attracted the attention of police who arrested him on a charge of using an illegal warning device. Ziegler will appear in court Wednesday to answer the charges.

Lewis Asks New Hard Coal Pact

Serves Operators With 60-Day Notice

WASHINGTON — (AP) — John L. Lewis today gave hard coal operators a 60-day notice of intention to end the UMW contract covering 80,000 anthracite miners.

Lewis told the producers he wants a new contract for the United Mine Workers by July 10. He asked for wage conferences to begin May 20, unless a later date is mutually agreed upon.

The hard coal industry has been operating since 1946 under a contract carrying no termination date, but allowing either party to give 30 days' notice of termination whenever desired.

By giving 60 days' notice, Lewis apparently was conforming to a Taft-Hartley labor act requirement that a party wanting to end an agreement allow that much time.

Lewis gave similar notice on April 30 to the soft coal operators, whose contract expires June 30.

The bituminous contract negotiations are to begin May 18 in Washington. Lewis made no recommendation where to hold the hard coal negotiations, but usually they are held in New York City.

Only County For Miller Backs Lausche

DEFIANCE — (AP) — Democrats of Ray T. Miller's home county—the only one of the state's 88 to support him in his recent candidacy for the gubernatorial nomination — will go all out for Frank Lausche.

Walter I. Bucholtz, Defiance county Democratic chairman, said his organization would follow a traditional practice of working for the party nominee in the November election.

Support for Miller generally was based on the fact the former Cleveland mayor was born here.

Defiance county gave Miller 1,175 votes against 558 for Lausche.

United Europe Plan OK'd

THE HAGUE, NETHERLANDS —(AP)—Delegates to the unofficial congress of Europe unanimously adopted today a resolution looking toward a federation of nations on the continent.

"The time has come when the European nations must transfer and merge some portion of their sovereign rights," the resolution said.

Winston Churchill, a leader of the congress, declared in an address last night a united Europe would "revive the old glory" of the continent.

The 28 nations represented the 16 Marshall plan countries.

Ex-Boxer Shot In Face

'Honey Boy' Jones Wounded

Richard D. "Honey Boy" Jones, 34, former Mansfield boxer, was shot in the right side of the face shortly before noon today as he sat in his car on East Temple court, and city detectives this afternoon were questioning a woman in the shooting.

Officers described the woman as Jones's sister-in-law. They would not comment on her identity except to say her name was "Rachel." She was taken into custody about an hour after the shooting.

Jones was taken to General hospital where his condition was reported as good this afternoon. He was shot under the right eye with a pistol.

The shooting was witnessed by James Meeting, an employe of the Yuncker Sporting goods store near the scene of the shooting, and Thor H. McBride, 279 South Main street, who was leaving the store. McBride drove Jones to the hospital in a car. Meeting told police the woman, who was leading a small boy, fled north on Main street to Fifth street.

REFUSED TO ANSWER

McBride said he called to the woman and asked her what she had done. Without answering, she turned and fled, he said.

McBride said when he asked Jones who shot him, the boxer replied: "Let's get going to the hospital."

Jones, whose home is at 490 Central avenue, is manager of the C. and P. club, 188 North Main street.

Jones's boxing career began in 1932. He retired in 1940. His former manager, John "Slim" Gossom said Jones fought Billy Conn five times and at one time beat Billy Dundy, former middleweight champion of the world. Gossom said he managed "Honey Boy" during 25 bouts.

C. Schwier Dies In N. Y.

Carl Schwier, 50, vice president and general manager of the Sun Glow Industries, Inc., died suddenly in New York City this morning, according to word received by officials at the Mansfield plant shortly after noon today.

Schwier was reported to have collapsed and died at the entrance to the Hudson and Manhattan Tubes at 32nd street and Broadway. John Workman, a friend in New York City, identified Schwier, a company official said.

Mr. Schwier's death was first reported by the United Press, which said that tentative identification was made through papers which the Mansfield man carried in his pockets. Later, officials of the Sun Glow Industries obtained positive verification of his identity.

Mr. Schwier is survived here by his wife, Leola Sowash Schwier. Their home is at 199 Rowland avenue. Mrs. Schwier had had no word of her husband's death until informed by the News-Journal of the UP report.

Circus Crowd Sets Record

NEW YORK —(AP)— The Ringling Brothers and Barnum and Bailey circus began a railroad trek to Boston early today after a 33-day stay at Madison Square Garden which set all-time records for attendance and gate receipts.

A circus spokesman said the show played to 924,000 persons and took in about $1,500,000 at the gate during its season-opening stay here.

Revolt Against Truman Grows

Southerners Groom George For President

WASHINGTON—(AP)—Senator Walter George (D-Ga) is being groomed by some southerners in congress as their candidate to oppose President Truman for the Democratic presidential nomination.

Senator Russell (D-Ga) said today unless his senior colleague puts his foot down, George's name will be offered at the Philadelphia convention in July as Georgia's candidate on a "states' rights" platform.

George, who defeated the late President Roosevelt's attempt to "purge" him from the senate in 1938, is said by friends to be about willing to lead the fight against Mr. Truman's civil rights program if he can be assured widespread southern support.

The possibility of putting up the Georgian as a candidate appeared likely to be discussed at a meeting of "states' rights" Democrats from 10 states at Jackson, Miss., beginning today. Several others have been mentioned as possible candidates, including Gov. Fielding L. Wright of Mississippi and Gen. Douglas MacArthur.

Gov. Ben Laney of Arkansas said at Jackson he believes the southerners can block Mr. Truman's nomination.

Russell and Senator McClellan (D-Ark) have announced they will not campaign for Mr. Truman because of his stand in favor of anti-segregation, anti-poll tax, anti-lynching and anti-job discrimination bills.

Arab Forces Halt Jews

JERUSALEM —(UP)— Strong Arab forces with machine-guns and mortars halted an attempt by more than 2,000 Haganah Jewish fighters to break a road-block on the vital Jerusalem-Tel Aviv highway today.

Jews seized in bloody all-night fighting some hills south of the big road block at Bab El Wad, 12 miles west of Jerusalem, but Arab guns on ridges on both sides of the road halted further advances.

The forces were exchanging machine-gun and mortar fire, but Haganah men, tough and experienced veterans of the Palmach striking force, had been able to make no progress since early today.

Six Million Cast Votes

U. S. and U. N. Score Smashing Triumph

SEOUL —(INS)— More than six million persons were estimated to have voted in South Korea today in the first popular election in the nation's 4,280-year history.

The huge turnout, despite leftist violence that took at least 73 lives in 72 hours, was considered a smashing triumph for the United States and the United Nations which supervised and observed the voting for a Korean national assembly.

Estimates tonight indicated that at least 80 per cent of South Korea's 7,880,000 registered voters participated in the momentous election.

Since all the candidates for the 200 assembly seats were rightists, the size of the vote alone was the decisive yardstick in measuring the success of the election.

At nightfall heavily armed trucks began the ticklish job of carting ballot boxes in Seoul to the capital building for counting.

Late today riot squads of police, dressed in old Japanese army uniforms and riding bicycles, went to the hills west of Seoul and rounded up 60 suspected communists who had congregated in that area.

Throughout ancient Korea's first election day the polls were guarded by augmented police forces. Despite these protective measures, several polling booths were bombed or otherwise assaulted.

Miller Reports $1,950 Spent

COLUMBUS—(AP)—Ray T. Miller, former Cleveland mayor who unsuccessfully sought the Democratic nomination for governor, today reported personal expenditures of $1,950 in his campaign.

Of the amount, he informed Secretary of State Edward J. Hummel, $1,000 went to the Miller-for-governor committee. He listed no receipts.

Robert S. Cox of Millersburg, another unsuccessful candidate for Democratic nomination for governor, reported receipts of $361 and said he spent $532.

Strikers Picket Brotherhood

Union Called 'Anti-Labor'

CLEVELAND—(AP)—The Brotherhood of Locomotive Engineers, scheduled to go out tomorrow in a nationwide rail strike, had another strike on its hands today—a walkout of AFL union employes at the brotherhood-owned Park Lane Villa hotel.

About 50 members of the AFL building service and maintenance union were on picket duty this morning at the fashionable Park Lane in the city's east end.

The AFL union is demanding a contract, including a retroactive wage increase and a union shop. Business Representative Sam Fisher has accused the rail brotherhood of taking an "anti-labor" attitude in negotiations.

"Management of this hotel, in its anti-union way, has warned employes they will lose their jobs if they dare to strike to enforce demands for a contract," Fisher said.

Matt Wilbur, manager of the 500 room hotel, told a reporter he had "nothing to say."

Alvanley Johnston, head of the B. of L.E., said earlier the brotherhood is in favor of a "closed shop" and was not anti-labor in its dealings with the hotel workers, but opposed a contract that would let the union "run the business their own way and violate the Taft-Hartley act."

Details of the issues in the strike, the number of strikers and the hotel services curtailed by the walkout could not be determined immediately.

Fisher said the 31 employes of the hotel earned an average of $28.80 for a 48-hour week. Their pay, he said, was in line with pay of similar workers in other hotels here, but the union wanted a recent five-cent hourly increase made retroactive to Nov. 1.

All Workers Asked to Stay On the Job

Compiled from News-Journal Wire Services

WASHINGTON — President Harry Truman today seized the railroads of the nation and called on every railroad worker to cooperate with the government by remaining on duty.

The president acted as representatives of the three brotherhoods which have called a strike for 6 a. m. tomorrow and representatives of the management continued fruitless discussions at the White House.

Mr. Truman at 11:58 (Mansfield time) signed the seizure order and directed Secretary of the Army Kenneth Royall to operate the lines in the name of the government.

At about the time the executive order was issued, representatives of the three brotherhoods left the White House, declining to say whether their members would accede to the president's work request.

An hour and a half later, however, Alvanley Johnston, head of the railroad engineers, said the workers would obey a court order against a strike if the government gets one.

He made the statement as he returned to the White House to resume conferences with John R. Steelman, assistant to the president, that had broken up at 12:05 p. m.

The President's seizure order was effective immediately.

WARNS OF TRAGEDY

Mr. Truman, in a statement accompanying the seizure order, warned that "a strike on our railroads would be a nationwide tragedy, with worldwide repercussions."

"I call upon every railroad worker to cooperate with the government by remaining on duty. I call upon the officers of the railroad labor organizations to take appropriate action to keep their members at work," he said.

Royall named Maj. Gen. E. H. Leavy, chief of the transportation corps, as his operating agent under the presidential order.

Mr. Truman's statement added: "It is essential to the public health and to the public welfare generally that every possible step be taken by the government to assure to the fullest possible extent continuous and uninterrupted transportation service."

"A strike on our railroads would be a nationwide tragedy, with world wide repercussions."

LONG NEGOTIATIONS

The seizure order was issued after a week-end of almost continuous negotiations, directed by Presidential Adviser John Steelman, failed to bring a settlement of the dispute between the three brotherhoods and the railroads over wages and working conditions.

The heads of the three unions left a White House conference just as the President's executive order was being released. They would not say whether their union members would remain on the job under government seizure.

"We're going to take that up now with our committees," President Alvanley Johnston of the locomotive engineers, David B. Robertson of the firemen and enginemen, and A. J. Glover, of the switchmen's union said.

The union leaders went right to

Brotherhood Leader Says Truce Near

Settlement Today Seen as Probable

CLEVELAND —(UP)— A high brotherhood official today predicted that a settlement in the threatened nation-wide railroad strike would be made today.

He said changes in two working rules, rather than a wage increase was holding up settlement of the dispute between the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen and Switchmen's union and the nation's carriers.

"I think some sort of settlement will be reached today," the source, who asked not to be quoted by name, said. "If we can get those fellows (the railroad negotiators) off center on the rules we can settle the dispute."

NEW YORK—(AP)—The New York Central railroad announced today cancellation of previous plans for passenger train curtailment "in the hope there will be no strike interruption."

He said the pivotal issues were initial terminal delay pay and a better wage differential for yard men. In addition, the official said, several other working rules change could be negotiated later.

The three rail unions are asking a wage increase of 30 per cent and changes in some 20-odd working rules.

The source said the 15½ cents offered by a presidential fact-finding board in March "would be acceptable with the rules change."

"We realize that every time we get a five-cent increase, everything else goes up a dime," he said.

Rail Lines Set to Halt All Trains Serving City

If federal mediators are unsuccessful in their attempts to settle the threatened rail strike, all train service in and out of Mansfield will be halted by 6 a. m. tomorrow.

The Erie, B & O and Pennsylvania railroads have announced a complete cessation of all passenger, freight, express and mail service.

The Pennsylvania will sell tickets and accept reservations up to strike time, subject to cancellation in event of the strike, spokesmen said.

The Pennsylvania said it would operate until 6 a. m. and that trains en route at that time will continue to the next terminal. East-bound trains will halt at Pittsburgh and west-bound at Crestline.

The Erie and B & O said that the same system would be followed on their lines.

BRACE FOR STRIKE

Meanwhile, local trucking concerns braced themselves for emergency duty, having promised to give food and other perishable items priority.

The trucks will not find a large supply of food to handle, however, as most vegetables at this time of the year come from the west coast by rail, and several western railroads put embargoes on perishable shipments several days ago.

More than 2,200 railroad workers in the Mansfield area will be affected by the strike. The railroads said they would keep only skeleton maintenance crews on duty.

Meat supplies in the city will be cut as much as 50 per cent on fresh meat and nearly 100 per cent for processed meats shipped by rail from Chicago.

Local industries will feel the pinch soon after the strike starts for two reasons. In the first place, their finished products for the most part are bulky and are usually shipped by rail. Then truckers reported they are using all available equipment and would not be able to divert any appreciable amount to handle finished goods normally shipped by rail.

Election Day Brings Change

Part of Korea Becomes World's Newest Republic

SEOUL, KOREA — (AP) — Korea becomes the world's newest republic today as a result of elections supervised by a United Nations commission in the American-occupied zone.

The infant nation also holds the distinction of being one of the oldest civilized countries in the world. A legendary founder, Dan Goon, reportedly began the Korean civilization 4,281 years ago.

Americans probably know less about Korea and its history than almost any other country in the world.

Under the Japanese heel from 1905 to the end of the Pacific war, this 85,246 square mile land alternately has withdrawn from and emerged into the stream of world affairs.

Korea is a peninsula bounded by Manchuria and a small portion of Siberia on the north, with China across the Yellow Sea to the west, and the islands of Japan, across the Straits of Shimoneseki, little more than 100 miles away to the southeast.

A population of 30,000,000 enjoy a reasonably mild climate similar to that in northeastern United States. Unlike her southern neighbors, Korea has a rainy season during the summer months of June and July.

Korea is about the size of New England with New Jersey and Delaware thrown in too.

Only one fly in Korea's ointment remains. Fifty-four per cent of Korea still will not be a republic.

It is the northern part of the country divided by the 38th parallel line. Russian troops occupy this area. It contains one third of the population and most of the industrial resources

But today there were cheering crowds in Seoul, the capital of Korea The Korean national flag —a large, fierce tiger embroidered on a multi-colored silk background—flew over the city

And the crowds sang the Korean national anthem, which has the tune of "Auld Lang Syne."

Pay Tribute To Mrs. Lomax

Funeral services were arranged for Monday afternoon at 1:30 p. m. at the Wolford funeral home for Mrs. Luella Bair Lomax, 42, of 108 West Second street.

A large number of friends called at the funeral home Sunday afternoon and evening to pay respects to Mrs. Lomax, who died Friday night following a lingering illness.

Mrs. Lomax for 20 years was employed as a stenographer by the Globe Steel Abrasive company.

Surviving are one son, Ralph Lomax, of Mansfield; her mother, Mrs. Laura Baird; one brother, Roy Baird, of Shiloh, and one sister, Mrs. Luther Lomax, Shenandoah.

Rev. Carveth P. Mitchell, pastor of the First English Lutheran church, of which Mrs. Lomax was a member, officiated for the services. Burial was in Mansfield cemetery.

Attorneys Winners In Action

Court Overrules Motion In Case

Three Mansfield attorneys, accused of "misconduct" in the settlement of a damage action, have won their case in Richland county common pleas court.

Judge G. E. Kalbfleisch overruled a motion to set aside the settlement reached by the attorneys, he said today. Evidence in the case was heard Saturday.

The motion was filed April 19 by John H. Weaver, 263 East Second street, who charged that Attorneys Marriott and Freehafer and H. Eugene Ryan, who represented him in a damage case, refused to try the case and reached the settlement without his consent.

Weaver had sued Nathaniel Burrage, 7 Grandview avenue, for breach of contract, charging that work done by Burrage on Weaver's home was not done properly.

Weaver said his attorneys insisted that he enter into a settlement with Burrage which he deemed unwise and unprofitable. Weaver said he insisted that the case be tried.

Weaver was represented in his motion by Attorney R. E. Hughes of Columbus.

Officers Installed

Officers of a new chapter of Disabled American Veterans were installed and given their charter yesterday at 2:30 p. m. at a meeting in the Memorial building.

The official name of the new chapter is the Richland County Disabled American Veterans, Chapter 112

Speakers at the meeting were State Representative Albert L. Daniels, of Greenfield, State Commander Albert L. Crory and District Commander Robert Brown.

State Representative Daniels reviewed the activities of the DAV and praised the work of other veteran organizations at Veterans' hospitals.

The newly elected officers are, Moton Smith sr., commander; Robert Wigton, senior vice commander; Robert Bair, junior vice commander; Clyde D. Willard, treasurer; Richard Pittenger, chaplain, and Ralph O'Connor, adjutant.

Other officers installed were Leo Lembacher and Fred Marth, executive committee; Edward Toms, service officer, and Robert Wigton, Jasper Clark and Frank Miller, trustees.

Grandmother Wins $18,000

PROVIDENCE, R. I. —(AP)— Mrs. Lillian Fenneran, a 67-year-old grandmother, today had $18,500 worth of prizes after naming correctly a song—"Army Duff"—in a nationally broadcast contest "Stop the Music."

Practically speechless when Bert Parks, master of ceremonies, phoned her, the white-haired mother of six grown children almost fainted when, after correctly naming the song, Parks listed the prizes.

They include a cabin cruiser, a television set, automobile, diamond-studded watch, a $1,900 Persian lamb coat and the promise that Cab Calloway's orchestra will play especially for her.

Mrs. Finneran lives with her husband, George, and a son in a five-room flat at 47 Prairie avenue, South Providence.

BICYCLE ABANDONED

A girl's blue and white bicycle, abandoned at the home of R. G. Lorentz, 182 Arthur avenue, since May 5, was turned over to police yesterday by Lorentz.

2 Injured In City Mishap

Two persons were injured early Sunday when a car crashed into a tree near 29 Western avenue.

Taken to General hospital after the accident were Ralph Griffith, 24 of Mansfield, R. D. 5, and his wife, Georgia Ann, 22, of 63 Penn avenue.

Police said Griffith suffered chest injuries, fractures of his left leg, and multiple contusions when he lost control of his car and it struck the tree at 2:15 a. m. Mrs Griffith suffered fractures of her left arm.

Griffith was removed to his home after treatment. Mrs. Griffith remained in the hospital today.

Ex-City Resident Stricken In West

George Snyder, a native of Richland county and resident of this vicinity until 27 years ago, died at the San Bernardino, Calif., hospital on his 84th birthday, according to word received by his niece, Mrs Fern Clark, Springmill street.

Mr. Snyder is survived by two sons, Elwood of San Bernardino and Howard of Inglewood, Calif.

Church Can Save Home, Speaker Says

By NITA BRANSON

"Home as an institution is fighting for its life," Dr. E. E. Flack, dean of Hamma Divinity school, Springfield, told the Town Meeting audience at the First Lutheran church last night.

At least 250 Mansfielders took part in the discussion on "Home and Marriage" which followed Dr. Flack's talk. Rev. Carveth P. Mitchell acted as moderator and Rev. Olan W. Aughbaugh had charge of services.

"In 1945 a third of the marriages ended in divorce," Dr. Flack pointed out. "It is estimated that by 1965, if the present rate continues, the majority of American homes will be broken homes. The home as an institution is having a very rapid decline."

Dr. Flack said the church is the only factor that can prevent the wholesale wrecking of American homes.

"Only about one per cent of homes where religion is the basis for living, are broken homes," he declared.

"There are nine basic principles to be considered as underlying the right kind of marriage," he continued. "They are: marriage is a holy state; it is a covenant with God, with a helpmeet, with the state and with posterity. marriage has divinely appointed responsibilities; marriage is a guardian of chastity, monogamy is an indivisible union; home is the citadel of society; marriage is essentially a spiritual experience; it sympolizes the union with God, and God's grace gives marriage its security.

NEEDS STRONG HOMES

"Without the grace of God the home is a shaky institution," Dr Flack asserted. "No nation can be strong unless its homes are strong."

"We have the solution if we can only apply it," he continued. "It is the duty of parents, the church and pastors to do something about it.

"It is the duty of parents to fear God, to pray and plan for their children, to provide exemplary conduct and home life, to instruct in the facts of life and to protect them from the corrupting influence of bad movies, bad literature and bad companionship. It is the duty of parents to warn them against vice and to instruct them in marriage.

"It is the duty of the pastor to protest against some of the current laws. We are the only country," Dr. Flack declared, "that recognizes a common law marriage. It is the duty of the church and Sunday school to instruct and promote religious teaching.

"The church," Dr. Flack declared, "needs to teach and preach the Gospel of Christ with such courage and force that men and women will be drawn into its atmosphere and learn to love God."

ASK QUESTIONS

During the forum discussion hour that followed Dr. Flack's talk questions were asked from the audience dealing with problems of young people, home and marriage.

A question as to pastors marrying divorced persons was brought up and Dr. Flack said that each case should be decided on its own merits.

"Should married couples live with their in-laws?" brought a vigorous "no" fromh Dr Flack.

"Absolutely not," he declared. Marriage is for the purpose of establishing a home and that should be done. Of course in the present housing situation this is sometimes impossible but every effort should be made by the young couple to live by themselves."

During the forum, one question paper contained the assertion that a Mansfield teacher is advising his pupils to take up trial marriages. Dr. Flack was vigorous in his objection to that plan

Another asked: "What do you do with parents who can't look after themselves?"

Dr. Flack joined in the laughter that followed the reading of that question. "I think the thing to do is to try and get parents to come to church and learn their responsibilities," he said.

Music for the service was provided by the men's chorus of the church under the direction of A. Lemoine Derr

F. B. Harbaugh Dies at 66

Frank B. Harbaugh, 66, of 465 Hammond avenue, died early today in Cambridge following a lingering illness.

Mr. Harbaugh was born July 9, 1881, in Mansfield and spent his entire life in this community. He was employed by the Ohio Public Service company for 35 years and later owned his own electrical contracting business.

Surviving are his wife, Carrie; one son, Herbert L. Harbaugh; three daughters, Mrs. Charles Schrack of Lucas, Mrs. Charles Schrack of Bellville, and Mrs. Mary Lehnhart of Mansfield, 10 grandchildren; two brothers, Ray T. and Fred D. Harbaugh, four sisters, Mrs. Hazel Gross, Mrs. W. C. Beattie, Mrs. J. A. McDermid and Mrs Clayton Knoll, all of Mansfield.

Mr Harbaugh was a nephew of Mrs. Mary L. Laird, who died Saturday night.

Funeral services will be held at the Wappner funeral home at 3:30 p m. Wednesday with burial in the Mansfield cemetery. Services will be in charge of Rev. Willard J. Shawk

FRIENDS MEET—

John Bernat, Mansfield artist, who went to Rochester, N. Y., over the week end to see his wife's exhibit at the Museum there, had a double thrill. In addition to being proud of his wife's prize-winning entries, Bernat came across a friend, Giouanni Polizzi, whom he knew in Rome and Florence, Italy 13 years ago. Polizzi, a noted sculptor, came to America from Europe two years ago after the harrowing experiences of war years, Bernat said. After the show Bernat and Polizzi caught up on events that had happened during the intervening years.

Robbery Charges Top List

Expect Session To Be Brief

A light docket faced the Richland county grand jury when it convened this morning in a session which is expected to close late today or Tuesday.

Heading the list of 13 cases are armed robbery charges against two men in the robbery of the Wade and Roberts restaurant at Orchard Park and two manslaughter cases which grew out of fatal traffic accidents.

The jurors will inspect the county jail following hearing of the charges in the 13 cases.

Among the cases to be presented to the jurors are:

Armed robbery charges against Wallace R. Black, 24, Columbus, and Donald DeVere Bowman, 29, Cleveland.

They are charged in the $250 robbery of Wade and Roberts restaurant, Orchard Park, on April 5. Both entered pleas of innocent in municipal court.

CITED IN ACCIDENT

Charges of second-degree manslaughter against Albert H. Paetsch, 18, of 88 Aten way, and Ted H. Pemberton, 35, Lorain, as the result of separate traffic accidents.

Paetsch is charged in the traffic death of 11-month-old Torrance Lee Ryan following a collision of cars driven by Paetsch and Gaylord Mumaw of Shenandoah at Bowman street and State Route 96.

Pemberton is charged in the traffic death of Denzil Holt, 19, Cincinnati, in a two-car collision April 24 on U. S. Route 42, three miles south of Mansfield.

Charges of making, printing and selling obscene pictures against Robert C. Mason, 35, and Edithgene Church, 22, and charges of making and printing obscene pictures against Mason's wife, Hazel, 41.

Others held for grand jury action and the charges include:

Harold Vogelsand, Bellville, accused of cutting and stealing timber; John H. Craig, non-support; William E. Robinson, 32, of 228 North Franklin avenue, pocket-picking; Jack R. Swartz, 26, of 116 Sherman avenue, forgery; James L. Hartshorne, 21, Orrville, grand larceny; and Lawrence Sherman Corwin, Bucyrus, forgery.

Indians Regain American Loop Lead

THE OLD COLLEGE TRY—Catcher Bob Swift of the Detroit Tigers plunges head first into a field box at Yankee stadium, Saturday, as he goes after a foul fly from the bat of Yankee Infielder Bobby Brown in eighth inning of first game of a double-header. He missed the catch. Picture was made by Associated Press Staff Photographer Harry Harris.—(AP Wirephoto)

Ken Keltner Pounds Trio Of Homers

BOSTON — (AP) — The Cleveland Indians were on top of the American league standings today, thanks to one of the mightiest home run barrages in Cleveland baseball history.

Ken (Killer) Keltner, the veteran third baseman who is improving with age, was the Tribe's most deadly poison for enemy pitchers with a major league-leading total of nine circuit clouts, including three which paced the Indians to a 4-1 and 9-5 victories over Boston yesterday.

GET FIVE HOMERS

Beating the Red Sox to the punch, the rampant Redskins punched out a total of five homers in the twin bill, with the round trippers accounting for nine of their 13 runs. The Indians have clouted the amazing number of 26 home runs in 14 games this season, far in front of all other major league clubs.

Larry Doby hit his fourth homer with one aboard to deadlock the score in the seventh inning of the second game and rookie Catcher Joe Tipton slammed his first with two on base in the eighth to sew up the game and complete the Tribe's four-ply offensive.

Russell (The Muscle) Christopher was called upon to finish both games after Bob Feller and Ed Klieman were credited with victories for their brilliant pitching stints.

Feller limited the Red Sox to eight hits and a single run—Ted Williams' sixth homer—in 9⅓ innings of the opener. He received credit for this third win against two losses, although Christopher was sent to the mound as a precautionary measure to retire the last two batters after Dom DiMaggio doubled in the 10th.

WINNING MARK

Keltner's seventh homer of the year in the fifth inning knotted the count, 1-1, and Ken supplied the winning marker with his eighth blast in the 10th.

Starter Don Black was shelled from the mound by three Boston runs before he retired a batter in the first inning of the nightcap. Rookie Lyman Linde, Klieman and Christopher held Boston to five hits and two runs the rest of the way.

Keltner whittled Boston's lead to 3-2 with his third four-master of the day with one aboard in the fourth. Doby uncorked his tying blast in the seventh and Tipton then sealed the verdict with his three-run clout in the eighth.

Dietzel Gets Army Coaching Job

Paul F. Dietzel, outstanding Mansfield high school athlete of 1941-42, was today named pla e line coach at West Point.

Dietzel, who won many honors as center at Miami university the past two seasons, will join his old coach, Sid Gillman, who was given charge of the Cadet varsity linemen in April.

The former all-around local athlete was called the "best center I ever coached" by Gillman and undoubtedly will be instrumental in teaching the Gillman system to the plebe Cadets. He was captain of the Miami gridmen in 1947 and last year won all-Ohio honors, and was named to the little All-America second team by the Associated Press.

At Senior high school he had won letters in basketball and track as well as football. He was high scorer on the basketball team and district discus champion in track. He made All-Ohio honorable mention and the Massillon all-opponent team with the Tyger gridders.

PAUL DIETZEL

The six-foot-two, 197-pound athlete attended Duke university for one year before the war. He saw action in 12 missions as a B-29 pilot.

He enrolled at Miami upon separation from the service and was elected captain in his first season. After being called the school's outstanding lineman in 1946 he reached his peak last year when he paced the team to an undefeated season and a victory in the Sun Bowl game at El Paso on New Year's Day.

He was outstanding as a linebacker and called defensive signals.

Dietzel was also active in campus activities, being president of two honor fraternities and carrying above a "B" average. He won a basketball letter his first season at Miami, but did not go out for the cage sport thereafter.

Now 23, he will leave for West Point June 1 and will make his home there along with his wife. He will take over grid duties with the beginning of fall football practice.

Grays' Rally Falls Short In 8-6 Loss

A five-run rally in the last half of the ninth inning fell short for the Mansfield Grays yesterday as they lost their opening game of the season, 8-6, to visiting VFW of Marion, at Blue Goose field.

The Grays outhit their opponents, 13 to 10, but failed to connect at the proper time as ten hits in the first eight innings produced only a single tally.

Kenny Funk, former Ashland college start, led the attack with a double and two singles while Foster Burgraff chimed in with a double and triple. Burgraff's double came in the ninth inning following singles by Russ Leedy and Dick Burton. Two errors and a walk helped the Grays to their five runs but Wynn, who had replaced Culver on the mound for Marion, tightened up and put out the fire in time.

GOES THE ROUTE

Dick Fought went the route on the mound for the Grays although being lifted for a pinch-hitter in the final frame. He struck out 10 and walked four.

Marion took a one-run lead in the initial frame and took a strangle hold on the lead with four runs in the third. The VFW club added a single tally in the top of the fifth. The Grays counted their first tally in the last of the fifth.

The visitors added single runs in the seventh and eighth to clinch the result.

Calumet Pair Begins Scare Of Opposition

BALTIMORE — (UP) — Calumet's one-two punch began scaring off the Preakness hopefuls today, but there were still eight challengers in the probable field after My Request bowed out.

Shortly after Calumet announced that Coaltown would join Citation in the second lap of the duel for the triple crown on Saturday, Ben F. Whitaker pulled My Request out of the race.

"We'll give him a short rest," Whitaker said, "and then point him for the Withers mile at Belmont, May 29."

That came as somewhat of a surprise, since My Request had run third to the Calumet comets in the Kentucky Derby and was regarded as the only real opposition for the entry in the big race.

Previously, Piet, winner of the Ral Parr stakes, was withdrawn from the Preakness by Trainer Emmett Potts.

That left today 10 horses among the probable entries — Citation, Coaltown, Escadru, Salmagundi, Better Self, Gasparilla, Mount Marcy, Vulcan's Forge, Bovard and Wing Messenger. It was almost certain that all of them will not start.

Reserve Baseball Team In Action

Coach Mike Byelene's reserve baseball team will go after its second victory of the season tomorrow when it entertains Johnsville varsity at 4 p. m. on Liberty park diamond.

The little Tygers have lost to Cardington and defeated Lexington in their two previous outings.

★

The varsity baseballers were scheduled to meet Willard at 4 p. m. today at Willard.

Five Indicate Track Entry

Five more Class B schools have indicated that they will compete in the district track meet at Mansfield's Stadium field Saturday.

Included are three more Richland county schools — Lexington, Bellville and Ontario. The other schools are Chatfield and Townsend. Twenty Class B and 10 Class A schools are expected to compete. Thirteen of the schools have submitted entry blanks to Director Harry Mehock with the rest due in by Thursday.

Bellville copped the Richland county meet with Lexington running second. This is the largest group of Richland county schools ever to compete in the district meet.

Finds a Speedy Runner as First Sparring Mate

BEAR LAKE, Mich. — (UP) — Heavyweight Champion Joe Louis announced from his training camp here that he has found a "fast runner" to be his first sparring partner when he moves to Pompton Lakes, N. J., May 20.

Louis, training for a return bout with Jersey Joe Walcott at Yankee stadium in June, said the partner was Richard Hagan, Chicago Golden Gloves champion of 1947. He described Hagan as a 22-year-old, 200 pounder who can "run as fast as Walcott."

Trainer Manny Seamon said the champion was taking off weight and would have "less than 10 pounds" to lose during final training at Pompton Lakes.

Auto Racing Driver Killed

(By Associated Press)

Auto races in Ohio killed one and caused injuries to four other persons—three of them spectators—yesterday.

Theodore Coxan, 34, of Masury, Ohio, was killed at Berea fairgrounds near Cleveland when his semistock model roadster struck a wooden guard rail and overturned during an elimination race.

His wife, Leatrice, was among the 2,500 persons who witnessed the accident. Coxan was a 14-year racing veteran.

At Dayton, Charles Van Acker of South Bend, Ind., one of the nation's leading big car drivers, was injured critically when his racer and one driven by Jackie Holmes, Indianapolis, locked wheels on the back stretch. Holmes was not hurt.

Later, three spectators suffered minor injuries after two racers crashed into the retaining fence in front of the grandstand.

Pitching

Ray Meyer, Cubs held the New York Giants to three hits in pitching Chicago to a 2-0 victory and leading the Cubs out of the National league cellar.

Ken Heintzelman, Phillies—Hurled his second straight shutout blanking the Cincinnati Reds with four hits.

Barron Takes Golf Tourney With Plus 38

NEW YORK—(INS)—Two developments lingered today after Herman Barron's six-point victory in the Goodall Round-Robin Golf Carnival and one of them had a slightly brackish savor—as of something not quite according to Oscar of the Waldorf.

This was the implied trend among American pros toward a tightening of the lines against Bobby Locke of South Africa as a non-resident affiliate who just sort of dropped in for the "hunting season."

That, however, had nothing to do with the fact that Barron won the Goodall yesterday with a total point score of plus-38.

He beat Locke and his plus-32 out of the tital, stopping the rotund Robert just at the end. Another way, of course, would be to stop him before he starts.

CAN'T COMPETE

This effectual method was called upon recently, in connection with the dictum that Locke wouldn't be eligible as a guest-entry for the professional golfers association championship this year.

PGA tournament manager George Schneiter seems to have added a genteel note or two at the Goodall tournament.

He is said to have met Locke's complaint about starting times by intimating that there was one way around that—Locke could always leave, effective as of then. It didn't strike Locke as a good idea.

The second Goodall aftermath was the inescapable conviction that American tournament stars like Ben Hogan, Claude Harmon, Jimmy Demaret and Lloyd Mangrum can only play the "distance" courses.

At old fashioned, 6,500-yard Wykagyl they made a comparatively easy course play "hard"—against the grain, in fact.

Hogan finally got up to a third-place tie with Bob Hamilton at plus-16.

Elbie Fletcher Given Release

CLEVELAND — (UP) — Elbie Fletcher was free today to seek employment with any major league club after the Cleveland Indians handed the 30-year-old first baseman an unconditional release.

Fletcher, who came to the Tribe after eight years with the Pittsburgh Pirates, suffered a foot injury in spring training and has not seen service this season. His release cut the Indian roster to 28.

Babe Ruth Still May Be Leading Baseball Earner

CHICAGO —(INS)— The highest-paid man in baseball?

It might be Babe Ruth.

No, this isn't turning the calendar back to the days when Ruth, the incomparable sultan of swat, drew $80,000 from the New York Yankees.

This is today, and Ruth has just been called 'high on the list of baseball's top money earners for 1948."

This statement was made in Chicago by J. R. Davis, vice president of the Ford Motor company, which Saturday announced the signing of Ruth for a second year as consultant to the Ford people in their grand-scale sponsorship of American Legion junior baseball.

Terms of the contract weren't disclosed. Davis merely termed Babe "high on the list — and I mean that."

Maybe no one benefited more than the Babe himself. Doctors said much of his recovery last year from his critical illness could be credited to his participation in the Legion junior baseball program.

LOUISVILLE, Ky.—(AP)—Cranbourne Arial, the West Highland white terrier entry of Mrs. John Marvin of Dayton, O., won best in show last night at the Louisville Kennel club show.

Snavely's Theft of Home Gives Taverns 4-3 Win

A fancy bit of batting and base-running by Trent Snavely of T and E Tavern broke up the semi-pro baseball opener at Liberty park yesterday and gave the Taverns a 5-4 victory over the New London Merchants.

The local team was trailing 4-3 with two out in the last half of the ninth inning when Snavely singled Lester Beer home from second with the tying run. Snavely then proceeded to steal second, take third on a wild pitch and steal home with the winning run.

Snavely's neat bit of run-producing gave Jerry Novacic, third Tavern pitcher, who had hurled only the ninth inning, credit for the victory.

SCATTERS SEVEN

Jack Heston started for T and E and held the Merchants to two runs and seven scattered hits in six innings. Ernest Tinkey came on in the seventh and eighth and gave up two more.

The Taverns had scored first in the second inning when Joe Siwek walked, stole second and rode home on Richard Snavely's double. New London went ahead with two runs in the top of the fourth and never relinquished its lead until the final frame.

Athletics Run Win Streak To Eight Games

By JOE REICHLER
(AP Sports Writer)

This is kindly old Connie Mack's 86th year—his 64th in baseball—and it promises to be one of his happiest.

The venerable manager of the patched-up Philadelphia Athletics, who has experienced innumerable thrills in his 48 seasons as boss of the same club, must be having the time of his life watching his cast-off crew make monkeys out of the so-called elite of the American league.

Only a preposterous oddity keeps this mish-mash set of Connie occupying first place in the American league. After yesterday's double victory over the Detroit Tigers, 10-5 and 5-1, which boosted their winning streak to eight games, the Athletics actually hold the first place Cleveland Indians by a half game. The percentage tables, however, show the Indians in front by eight points.

Here is why. Cleveland with its two triumphs over the Red Sox in Boston yesterday (11 and 9-5) has won 10 games and lost four for a .714 percentage. The A's have won 12 and lost five for .706. The New York Yankees, in third place, have a 10-6 mark, a game and a half behind the Athletics, but only one game back of the leading Indians. The Yankees drubbed the Chicago White Sox, 8-0.

The St. Louis Cardinals moved into first place in the National league. They pushed a ball game ahead of the New York Giants by downing the Boston Braves, 6-1, while the Cubs were shutting out the Giants, 2-0, in Chicago.

Frank Shea held the White Sox hitless for six and two-thirds innings to record his first shutout and second win. A single by Bob Kennedy could Shea's dream of a no-hitter. Charlie Keller, George McQuinn, Bill Johnson and Tommy Henrich poled home runs for the victors.

Washington turned back the St. Louis Browns, 3-1, to move into fourth place in the American league.

The third place Pittsburgh Pirates remained a game off the pace in the National league by dividing a doubleheader with the Brooklyn Dodgers at Forbes field. The Dodgers won the opener 14-2, as Pee Wee Reese knocked in six runs with three hits, including a grand slam homer. Ralph Kiner swatted his fourth and fifth round trippers to lead the Pirates to a 10-5 nightcap decision.

The Philadelphia Phils clubbed the Reds twice in Cincinnati, 14-2 and 8-0, as Lefty Ken Heintzelman registered his second straight shutout.

Steel Fears Drastic Cut In Output

Rail Strike Seen Bar to Production

CLEVELAND—(INS)—A drastic curtailment in metalworking operations in the event of a rail strike was forecast today by Magazine Steel.

The national metalworking industry trade publication said consumers' steel stocks are very low and some producers are keeping blast furnaces under reduced draft pending clarification of the railroad situation.

Steel said.

"Steel production has been recovering from the effects of the recent coal strike but not to the fullest possible extent because of small coal inventories and the general desire to conserve stocks as a protective measure against a possible tie-up in transportation.

"With the uncertainty as to what will happen with respect to coal mining before mid-summer, steel production may continue to lag at the expense of new peacetime records."

The magazine estimated loss of steel output up to last week directly attributable to the recent coal strike was in excess of 1,500,000 tons.

Steel described the market as "in a state of flux" as the result of multiple prices quoted on various products reflecting irregular reductions over the past 10 days by major producers. The magazine added:

"Significantly, new prices are being figured by the separate producers on their actual production costs rather than with an eye to matching competitors' price schedules."

Steelmaking operations continued to rise last week, reaching 92 per cent of capacity, just 4 points below the pre-coal-strike total. Production rose 28 points to 103 per cent in Youngstown, 7 to 91 in Cincinnati, 6 to 86 in Wheeling, 5 to 86 in Eastern Pennsylvania, 3 to 95.5 in Pittsburgh, 1.5 to 87.5 in Chicago and 5 to 89.5 in St. Louis. Operations dropped 3.5 to 93.5 in Cleveland, 1 to 100 in Detroit and 5 to 87.5 in Buffalo.

Piles Are Never "Mild"

DANGER IN NEGLECT

No one should ever think of piles (hemorrhoids) as a "mild" disorder.

Although they may seem a "mild" ailment, especially when not giving pain or inconvenience, piles are in fact tumor formation without tendency to heal themselves instead, they are likely, if neglected to keep increasing in size, involving more and more of the rectal area.

Even a so-called "mild" case may be expected to undermine one's health, by inviting predisposing to or aggravating other ailments, such as indigestion, billiousness stomach trouble, constipation, headaches, pain in back and down the legs, secondary anemia with its run-down tired feeling and general nervous irritability.

Removal of piles is the only permanent relief written guarantee. My method produces little or no discomfort, does not require the use of knife or drugs, and seldom is the patient required to lose any time from work or other duties.

Why not call and learn of this method? The examination is free.

Innovation In Children's Theater

'Minstrels In Miniature' Planned

Mansfielders will see an innovation in children's theatricals this summer when "Minstrels In Miniature" is presented by the Children's Theater under the direction of the theater founder and director, Harold McCuen.

Planned to give the "younger generation" some of the rich minstrel background in which their fathers and grandfathers participated, the "miniature" show will feature all boys. Blackface and appropriate costumes and music will complete the show, McCuen said.

It will be the first children's minstrels presented with an adult air in the city. Minstrel shows were enthusiastically applauded by Mansfielders this year when two adult groups revived the old entertainment.

REGISTRATION SET

Registration for the Children's Theater opens a month from today at South park pavilion. The season again will be six weeks in length beginning June 14 and tentatively featuring "The Pied Piper of Hamelin" and "Rip Van Winkle" in addition to the minstrel.

Scheduled revival this season is the Workshop Players, including those youngsters from 12 to 16. Six to 11-year-old children will be kept in the children's group. Both groups will participate in the daily classes, held Monday through Thursday from 9 a. m. to 12 noon at the park.

Classes will include acting which will groom every member of the theater for experience in at least one production during the season, diction, poise and creative dramatics class, and story telling, costume, scene design and make-up. Dancing, music and art classes are also planned to tie in with the dramatics program.

OPEN TO ALL CHILDREN

The theater is open to all children in Mansfield and vicinity interested in acting and production.

New board of directors for the Children's Theater includes Norman L. Wolfe, president, Mrs. Frank Maxwell, vice president, Mrs. J. Loran Matthes, secretary, and M. L. Bayer, treasurer and business manager.

Assigned to help McCuen with the productions are Mrs. Jack Schettler, Miss Barbara Shively, Miss Marilyn Gernhardt, Miss Shirley Anson and Miss Mary Jo Hunter. Consultants will be Mrs. Bruce McGinty, customs and scene design, Mrs. Ethyl Battin, choreography, Mrs. Norman Hakes, costumes, Mrs. Trudy Clark, Miss Joan Jullman and Miss Maurine Beal, make-up, and George Ireland, music.

Membership committee for the little players are Mrs. W. E. Slabaugh, Mrs. Robert Weil, Mrs. Barbara Meisse, and Mrs. J. Loran Matthes.

Sun's Eclipse Helps Guide Missiles

WASHINGTON—(AP)—Guided missiles in any future war may find their marks more precisely because of findings from the weekend eclipse of the sun.

The National Geographic society today described as "thoroughly worthwhile" the results of its carefully planned study over a 5320-mile arc stretching from Burma to the Aleutians.

A prime objective was to turn up data to recheck world maps for both navigation and aviation. For instance a previous eclipse showed Capetown, South Africa, to have been mislocated by a full mile.

Sculptor Plans Huge Statue

Will Carve Indian, Horse

By HAL BOYLE

CUSTER, S. D.—(AP)—The most controversial figure in the Black Hills today is a 500-foot-tall dream in a man's head.

The head that holds the dream is on the shoulders of Korczak Ziolkowski, Boston-born sculptor and war veteran.

The figure in the dream is a gigantic memorial statue of Crazy Horse, famous Sioux warrior—a statue so huge 2,000 people could stand on the chief's outflung arm.

To make his dream come true Ziolkowski must carve it out himself from Thunderhead mountain.

And that is what is causing the controversy. These magic mountains" were once sacred ground to the Sioux. Today they are less venerated but no less loved by the white victors who have turned the Black Hills into a year-round vacation land.

They have stocked the area with wild game—pheasant, deer, elk, buffalo, beaver—and want to keep it fresh and unspoiled.

For this reason many grumbled when Gutzon Borglum conceived the Mount Rushmore memorial. Most are glad now he carried it out. The great shrine carrying the faces of Washington, Jefferson, Lincoln and Teddy Roosevelt draws 6,000 tourist visitors a day during the summer. The people of South Dakota are proud of it.

The Crazy Horse monument proposal, however, is meeting perhaps even sturdier criticism than did Borglum's Rushmore project.

"We don't want to turn our Black Hills into a sculptor's gallery," said one elderly resident.

Crazy Horse is to the Sioux what George Washington might have been to the American people if Washington had lost his war and been treacherously slain.

The proposed monument shows him, arm flung forward imperiously, hair streaming in the wind, as he rode into battle astride the stallion that gave him his name. The mountain site is 500 feet tall, 900 feet long.

"I would like to have a Sioux museum and an Indian village at the base of the monument to show the old Sioux culture," said Ziolkowski. He said that with the help of promised Indian helpers he hoped to finance construction through tourist revenue. The immediate problem is to obtain funds for initial equipment.

"I may be bald and wearing a long beard when you come again," Ziolkowski smiled, "but this monument to the Indian—it will be here forever."

Completed, it would make the Sphinx look like an oversized mouse.

ICE STAR—Blonde Helen Smith, who claims the title as "fastest spinner on ice," is a star of "Hollywood on Ice," a revue booked for seven performances at Coliseum in North Lake park, beginning May 28. The revue features seven production numbers, including a fantasy in fans, a Mother Goose novelty routine especially designed for children, and Dixie, a singing and skate dancing act.

New-Type Aviation Gasoline Might Reduce Fire Hazard

CLEVELAND—(AP)—A new type aviation gasoline may be the answer to the death toll from fires that blaze up after airplane crashes, an aeronautical research committee reported today.

The sub-committee on aircraft fire prevention of the national advisory committee for aeronautics, said a new safety fuel is ready for its first test hops as soon as mechanical and operating difficulties can be smoothed out.

In the cold light of U. S. Air Force statistics the safety fuel may become one of the biggest contributions to flying safety ever made. Roughly half the people killed in airplane crashes survive the impact only to die in the fires that break out and engulf the fuselage, according to air force figures.

The new gasoline with the built-in safety factor is a "low volatility" fuel the researchers said. To the ordinary air line passenger that means the new gas vaporizes less than fuels now in use.

The evidence is that the low volatility fuel will not be apt to ignite in a crash, they said, but if it does the fire will not spread so rapidly.

Your Social Security . . .

The Social Security Administration, 405 Richland Trust Building, here asks and answers questions about social security raised by persons in the Mansfield area:

Q. How long do I have to wait to draw my social security?

A. Retirement benefits are not payable until you reach 65. Survivors benefits are payable upon the death of a wage earner to the wife and children, under 18. Lump-sum payments are made to widows without children, or to any person paying the funeral expenses of a wage earner.

★

Q. How much will I get under social security, when I retire?

A. This is determined by your average monthly wage from 1937 to age 65, or from age 21 to 65. You are allowed 40% of the first $50, 10% of remainder, and 1% additional for each year you made $200 or more.

★

Q. Can my wife draw social security payments?

A. Yes, when she reaches age 65 and if you are drawing, she is entitled to one-half of whatever you draw.

★

Q. What happens to the money I pay in to social security, if I don't work long enough to be eligible for monthly benefits.

A. The money you paid in, will go to pay the benefits to others, such as mothers and children.

★

Q. Am I expected to live on what I get out of social security?

A. No. The basic idea of social security payments was to provide a platform, to which other savings, insurance, property were to be added in order to provide for old-age security. If aged persons need additional financial assistance, the Aid for the Aged program administered by the State of Ohio may be able to help them.

ORDINANCE NO. 48-125

By Mr. Kyle:

Determining to proceed with the improvement of Wood Street from Glessner Avenue to Cline Avenue by grading the street to the established grade, constructing storm sewers, curb and gutters and paving with some suitable material.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF MANSFIELD, STATE OF OHIO: three-fourths of all members elected thereto concurring:

Section 1. That it is hereby determined to proceed with the improvement of Wood Street from Glessner Avenue to Cline Avenue by grading the street to the established grade, constructing storm sewers, curb and gutters and paving with some suitable material as authorized by Resolution No. 48-73 passed by Council April 6, 1948, and in accordance with plans, specifications, estimates and profiles now on file in the office of the City Engineer.

Section 2. That the whole cost of said improvement, less 1/50 of the remainder shall be assessed by the foot-front plan upon the following lots and lands to-wit: all lots and lands bounding and abutting upon the proposed improvement, which lots and lands are hereby deemed to be specifically benefited by said improvement; and the cost of said improvement shall include the expenses of preliminary and other surveys, of publishing notices and resolutions and ordinances as required by law, and the serving of notices and the cost of construction together with interest on notes and bonds issued in anticipation of the collection of deferred assessments and all other expenditures.

Section 3. That the assessments so to be levied shall be paid in three annual installments with interest on deferred payments at the same rate as shall be borne by the bonds to be issued in anticipation of the collection thereof; provided that the owners of any property assessed may at their option pay such assessments in cash within thirty days after the passage of the assessing ordinance.

Section 4. That the bonds of the City of Mansfield, Ohio, shall be issued in anticipation of the collection of assessments by installments and in an amount equal thereto.

Section 5. That the City Engineer be and he hereby is directed to prepare and file with Council a tentative assessment showing the amount to be assessed on each lot or parcel to be assessed.

Section 6. That to pay the city cost of said improvement there be and hereby is appropriated from the General Fund the sum of Eleven thousand, Seven hundred Thirty Dollars ($11,730.00).

Section 7. That the Director of Public Service be and he hereby is authorized and directed as soon as funds therefore are available to make and affect a contract for said improvements with the lowest and best bidder after advertisement according to law.

Section 8. That this Ordinance shall be in full force and effect from and after the earliest time allowed by law.

Wild Vehicle Stops Safely

OGALLALA, Neb. —(UP)— It could have been a truck driver's nightmare but it was brutally real for Norman Hoiser of Grant, Neb. He rode a brakeless, runaway loaded truck of liquefied gas 12 blocks down Ogallala's main business thoroughfare without scratching a fender or bowling over a pedestrian.

His brakes gave out on a hill. He shifted to a lower gear that wouldn't stop the heavy duty truck and the clutch was torn out, leaving the vehicle to roll free. By the time he reached the business district the truck was traveling 45 miles an hour. He avoided by split seconds an intersection collision. A freight train pulled across his path. He made a sharp turn and cleared the corner on two wheels.

The truck finally rolled to a stop.

ORDINANCE NO. 48-128

By Mr. Knarr:

Determining to proceed with the improvement of constructing a sanitary sewer on Longview Avenue from Newman Street to Front Street, on Front Street from Longview Avenue to Jefferson Avenue, and on Jefferson Avenue from Front Street to Newman Street.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF MANSFIELD, STATE OF OHIO: three-fourths of all members elected thereto concurring:

Section 1. That it is hereby determined to proceed with the improvement of constructing a sanitary sewer on Longview Avenue from Newman Street to Front Street, on Front Street from Longview Avenue to Jefferson Avenue, and on Jefferson Avenue from Front Street to Newman Street as authorized by Resolution No. 47-361 passed by Council December 2, 1947, and in accordance with plans and specifications now on file in the office of the City Engineer.

Section 2. That the whole cost of said improvement, less two per cent (2%) thereof, shall be assessed by the Foot Front Plan upon the following lots and lands to-wit: all lots and lands bounding and abutting upon the proposed improvement not already served by the Mansfield sanitary sewer system; which lots and lands are hereby determined to be specially benefited by said improvement, which include the expenses of preliminary and other surveys, of printing and publishing notices and resolutions and ordinances required by law, and the serving of notices, the costs of construction together with interest on notes and bonds issued in anticipation of the collection of deferred assessments and all other necessary expenditures.

Section 3. That the assessments so to be levied shall be paid in three annual installments with interest on deferred payments at the same rate as shall be borne by the bonds to be issued in anticipation of the collection thereof; provided that the owners of any property assessed may at their option pay such assessments in cash within thirty days after the passage of the assessing ordinance.

Section 4. That the bonds of the City of Mansfield, Ohio, shall be issued in anticipation of the collection of assessments by installments and in an amount equal thereto.

Section 5. That the City Engineer be and he hereby is directed to prepare and file with Council a tentative assessment showing the amount to be assessed on each lot or parcel to be assessed.

Rail Strike Seen Likely to Cause Mass Unemployment

High Prices Foreseen For Food

Possible Hunger In Cities Feared

CHICAGO —(AP)— The nation measured the effects of the threatened rail strike today in terms of mass unemployment, fruit and vegetable crop losses, inflated food prices and possible hunger.

With no adequate substitute for maintaining normal freight traffic and with food embargoes already in effect on many railroads, Mayor William O'Dwyer of New York said that city faces "one of the worst food gouges in history" if the ban on shipments continues.

He said "wild speculation" on some foodstuffs en route to New York markets already had started. The city was not threatened with an immediate food shortage but officials warned against panic buying.

Other large cities generally had the same food supply problem.

SEE HEAVY LOSSES

Fruit and vegetable growers in California, Texas and Florida said that if the strike, scheduled to start at 6 a. m. (Local Standard time) tomorrow is prolonged, their losses will run into the millions of dollars.

Industries with low stockpiles of coal soon will be out of fuel and thousands of employes will be laid off. Mines will be forced to shut down in the absence of coal cars.

In California, about 10,000 agricultural workers already have been laid off and shipments of celery and lettuce halted by embargoes. Growers estimated their losses at $300,000 a day. Carrots, asparagus, broccoli, cherries and artichokes also are being harvested.

SHIPMENTS HALT

The executive manager of the Texas Citrus, Vegetable Shippers and Growers' association estimated the daily loss to that association's members at $25,000 to $50,000 a day.

Fresh fruit shipping also was at a virtual standstill in Florida, but canning operations were continuing.

The Bethlehem Steel company announced that if the strike is not averted it will suspend operations immediately and lay off its 14,000 employes. The automobile industry indicated it also would be forced to shut down soon because of a lack of storage space for assembled cars.

Maintenance of food supplies to cities if current stocks should become exhausted was considered far beyond the capacity of all trucks that could be mobilized.

Mercury Drop Due

The weatherman, reluctant to let spring stick around for more than a few days at a time, predicted today that afternoon thundershowers would precede considerably cooler temperatures tonight and tomorrow.

The mercury, which slid all the way down to freezing Saturday morning, climbed rapidly to reach 71 yesterday. It fell back eight degrees last night and was back to 71 at noon today.

And looking two days into the future, the weatherman said that Wednesday would be cloudy and cold.

The new cool wave is descending on the state from Michigan and will move from the northwest portion of the state, south and eastward.

Board of Governors To Meet Tonight

A meeting of the board of governors, Mansfield Community Players will be held at 8 p. m. today at the Players headquarters, 217 Park avenue east.

All business from "The Return of Peter Grimm" will be settled at the meeting. All members are urged to attend.

President Seizes Rails

(Continued From Page 1)

their hotel for a conference with their strike committees. They said they would not promise they would be able to notify Steelman at the 1:30 eeting of their decision about working for the government.

WAGE MAINTAINED

Mr. Truman's order directed that, for the time being, present wage and working conditions in effect on the railroads shall be maintained.

The President said these wage condition shall be continued until further order from himself or from Royall.

A presidential fact-finding board has recommended a 15½ cents an hour increase as a settlement of the wage dispute. Railroad management accepted it, as did nearly a score of other railroad unions. The engineers, switchmen and firemen refused to accept it. They ask a 30 per cent increase.

These unions have about 190,000 of the1,300,000 workers in the nation's rail system.

REDUCE DEMANDS

Johnston told reporters that in the week-end negotiations "we have reduced our demands and tried to get a compromise. We have endeavored to get a settlement by cutting down to the limit our demands.

"We've done all the giving. They want to make a compulsory arbitration board out of the fact-finding board.

"We're not going to do it."

Johnston and Robertson said it was "too complicated" to explain how they had receded from their earlier demands.

It was indicated the concession which the unions said they would make in operating rules, by which take-home pay is affected.

With the lines in government hands, the railroad workers become federal employes. The supreme court has held (in the case of John L. Lewis's coal miners) that the government can get a court order against a strike once it has seized properties.

Disregard for such a court order would lay the unions open to fines and their officers to fines and imprisonment.

The White House decision to seize the railroads was announced when it became clear no settlement was likely before the strike hour.

Reds Block Election Of Sforza

'Sold-Out-to-U. S.,' Cries Delay Voting

ROME—(INS)—A powerful socialist-communist bloc in the Italian parliament succeeded today in blocking the election of Count Carlo Sforza to the presidency.

Prior to the balloting, communists and their foes were on the verge of rioting in the chamber of deputies because of a leftwing demand to invalidate the national elections.

Chamber President Giovanni Gronchi suspended the meeting for a half hour when communists and their opponents ran on to the chamber floor and threatened each other.

The disorders began when a communist deputy called for voiding of the elections because "foreign intervention, government coercion and fraud had corrupted the Italian peoples' decision."

Communists and their left-wing socialist allies hurled shouts of "you sold out to America!" at their opponents.

Non-communist deputies responded with:

"You sold out to Russia!"

The communists and their allies mustered 396 votes for their candidate for the presidency of the republic, the incumbent Enrico de Nicola.

Sforza, 75-year-old foreign minister received 353 votes.

The 396 votes for De Nicola were far in excess of total communist and leftwing socialist strength in the senate and Chamber.

Neither Sforza or De Nicola had the necessary two-thirds vote needed for election. A second balloting will be held this afternoon, then a third if necessary.

6 Motorists Draw Fines

6 MOTORISTS ... ...P

Pete Romanchuk sr., Mansfield, R. D. 1, was fined $100 and costs and his license was suspended for one year in municipal court today for operating a motor vehicle while under the influence of alcohol.

Robert E. Gibson, 173 West Third street, and Clarence E. Henley, Lucas, paid $15 fines for speeding and Leonard J. Goler, 212 Cline avenue, paid $5 for a similar offense.

Ten dollar fines were assessed against James Slagel, Huntington, Ind., for disregarding a traffic signal and George R. Patton, 155½ North Main street, for unsafe operation of a motor vehicle.

Two Mansfield P-TAs To Meet

Two Mansfield P-TAs will hold meetings Tuesday night.

Bowman P-TA members will elect officers during the business session which starts at 7:30 p. m. and hear a program of music later.

A Haydn selection, illustrated by a toy band, a chorus and a quintet under the direction of Miss Dorothy VanVoorhis, will be the first number. It will be followed by a toe dance by Shirley Brust, xylophone solo by Ronnie Bacquet, and accordion numbers by Arlene Christman and Barbara Kunz.

The meeting will be held in room 1-B.

At West Fifth school, members will gather to install a slate of officers headed by Mrs. Jane Heilman, president. The meeting will open at 7:30 p. m.

Mansfield Sculptress Wins Top Honors In Arts Exhibit

Mrs. Martha Bernat, wife of John Bernat, Mansfield artist, won first prize in the sculpture classification at the arts exhibit of the Rochester, N. Y., museum over the week end.

In addition to her first prize as sculptress, Mrs. Bernat took the jurors' show award, with William Ehrich, a professor at the university, winning second in both classifications.

Mrs. Bernat had entered three pieces of sculpture. One was a wood carving made of wild cherry from the family's Greters lake land, and was entitled, "Flight Into Egypt." The second, made of black walnut, was a "Mother and Child" and the third in bronze, was a young colored girl's head.

Because of her winning entries, Mrs. Bernat has been invited to hold a one-man show at the museum in November. Mrs. Bernat was called the "Lady of Mystery" by Rochester newspapers, her husband said, because she had hitherto been unknown to Rochester artists.

She expects to complete her sculpturing studies with Evan Metrovic on June 6 and will return home then to prepare to leave with her family for Los Angeles on July 1.

Mrs. Bernat is now finishing at the Metrovic studios in Rochester a male torso, her first attempt in stone, entitled, "The Kiss of Judas." She also is doing wood carvings of "The Three Marys," similar to the stations which she executed for St. Peter's Catholic church.

MEETS TONIGHT

The Hermit club will hold a dinner meeting at 6:30 p. m. today at Happy Harry's. President Lloyd Brown will preside.

Committee To Meet

Author-Farmer Louis Bromfield said today a meeting of the 68-member advisory committee of the Ohio Valley Second Frontier will be held at Bromfield's Malabar farm June 5. Bromfield is chairman of the committee.

The organization will discuss plans for the Second Frontier scheduled for Sept. 23-24 at the Rio Grande college farm in southern Ohio. Sponsors of the event said it will be the most comprehensive demonstration of conservation "ever staged anywhere in the world."

Members of the committee include Walter Fry, Wooster, of the Ohio Izaak Walton league, and Bryce Browning of the Muskingum Watershed Conservancy district, New Philadelphia.

Garrison Begins Director's Duties

Earl T. Garrison, named Mansfield service-safety director last week by Mayor Roy W. Vaughn, began his duties today.

Garrison, former furniture dealer, succeeds E. L. Morgan, who resigned to become manager of the Culligan Soft Water service.

Garrison's office today was decorated with flowers presented by Ed Bellevue, representing the Ohio Brotherhood of Police Officers.

City Youths Get Posts

Charles Young, Mansfield Senior high school student was elected treasurer, and John Robbins, Mansfield, was chosen as junior high moderator, a newly-created office, at the spring rally of the Westminster Fellowship of Wooster Presbytery held at the First Presbyterian church in Ashland Sunday afternoon.

Other officers chosen for this area which includes Richland, Ashland, Wayne and Holmes counties, were: Joseph Brubaker, Ashland, moderator; Lucille Ellsworth, Orrville, first vice president; Virginia Badger, Millersburg, second vice president; Sylvia Dick, Ashland, stated clerk; Marceal Taylor, Wooster, R. D. 6, permanent clerk.

Commission chairmen included: John Williams, Wooster, faith and life; James Tschantz, Loudonville, stewardship; Eloise Elder, Wooster college, Christian outreach; John Talbot, Wooster college, Christian fellowship.

fee, pastor of the Orrville Presbyterian church and Mrs. James Duncan, Perrysville, representing the women's division. Mrs. Ralph McGraw, Mansfield, is retiring after three years of service.

Convention plans were in charge of Nancy Galbraith, daughter of Mr. and Mrs. Robert Galbraith, 553 Arlington avenue. As commission chairman for the past year, Miss Galbraith obtained Rev. Harold E. Meyers, director of the Life Work department of the board of Christian education of the Presbyterian church, as the speaker. He spoke in the afternoon and directed a seminar on world order.

Navy Plans Expansion Of Air Arm

Planes to Come Out of Storage

WASHINGTON — (U.P.) — The Navy will expand its air arm to a size it considers comparable to the 70-group air force despite lack of appropriations for buying enough modern planes.

It will do so mainly by taking out of storage all but a few hundred of its World War II planes, spokesman said today.

While a big fanfare centered on the air force's 70-group flight the Navy was quietly reaching its decision to expand its present fleet of 10,900 active aircraft to 14,500 within a year.

The joint chiefs of staff have approved such Navy strength. But the aircraft procurement bill which Congress has voted gives naval aviation only about half the money that is required for annual replacement planes.

Secretary John L. Sullivan says a 14,500-plane Navy air arm will need 3,300 replacements annually. With the $753,000,000 voted that service for the next fiscal year, 11,535 planes can be ordered for delivery beginning 14 months hence.

When its storage planes are shortly used up, the Navy may have to ask for twice as much plane-buying money as it is getting this year, or go in for retrenchment.

The Navy decision to expand now to 14,500-plane strength was revealed to the Senate appropriations committee at the time the air force's 70-group plan was winning approval. Sullivan said "recent events" had made this necessary.

This appeared to revise his estimate to President Truman's air policy commission last December that the Navy needed 11,500-plane strength "this year" and should expand to 14,500 planes "within five years."

To reach its new strength in a year, the Navy will take 2,400 planes from storage and receive 1,200 new planes from prior years' orders. It plans to have 24 groups of fighter and attack planes assigned to 12 carriers, compared with 13 groups now assigned to 11 carriers.

TVA Money Bid Opposed

WASHINGTON — (AP) — The House appropriations committee has turned down an administration request for money to step up the Tennessee Valley authority's output of electricity.

The action drew the lines for a hot fight on the House floor over public versus private power production.

At direct issue is the TVA's request for $4,000,000 to start work on an $84,000,000 steam plant to generate electricity. That would enable TVA to supply all power demands in the seven-state Tennessee valley era.

An indication of how bitter the fight may be when the issue reaches the House floor this week was the four-to-three vote of an appropriations subcommittee that first rejected the request.

The three Democratic members of the subcommittee signed a minority report condemning the action as "a backward step" and a possible threat to national defense.

But the full committee upheld the contention of the four Republicans on the subcommittee that the steam plant is not necessary. They argued that existing TVA generating facilities are adequate to supply "the foreseeable demands" Congress intended them to supply.

FHA Ruling Tightens Up Loan Policy

Down Payment of 10% Now Required

WASHINGTON —(U.P.)— Home owners who want an FHA loan to improve their property will have to put up 10 per cent of the loan in cash from now on.

The Federal Housing administration said the change in policy, effective today, is designed to aid the government's efforts in fighting inflation.

Loans affected are those to pay for property improvements and construction of small nonresidential structures. Small home loans, covered under other regulations, are not affected.

In other words if a home owner wishes to spend $500 to improve his house, he must put up $50 himself in cash and the lending agency would put up $450.

Beginning today, all of the 5,355 private institutions eligible to make loans of this type must demand the 10 per cent cash downpayment.

Since 1934 FHA has been permitted to make property improvement loans without down payment. The move was instituted to stimulate business during the depression. FHA said 7,500,000 loans have been made for $2,750,000,000.

Something To Straighten Out

THE CITY HEALTH department needs a thorough looking into by a competent and unbiased expert. Since the notorious "Tonney affair" in which an attempt was made to railroad Dr. F. O. Tonney out of office as commissioner, a pall of silence has fallen over the department and its activities.

Who put the gag in the mouths of the city's health officials, and who is keeping it there and why, is a matter of grave public interest.

When the acting health commissioner tells a reporter as happened the other day, "I can't tell you anything, you'll have to see the girl in the office," the question is pretty plain: JUST WHO IS RUNNING THE HEALTH DEPARTMENT?

And if the department is doing a reasonably good job in the interim before a new commissioner is hired, what is there to be so secretive about?

Mansfielders would not want to suspect that the new commissioner is going to be hired with a gag in his mouth, but certain current situations make that at least a suspicion.

Without defending or condemning the regime of Dr. Tonney, it is well known that part of his unpopularity with the powers-that-be was his insistence on speaking out.

On one occasion a health department employe was heard to remark: "That information did not come from the health department. Dr. Tonney said that." Well, if the commissioner can't speak for his department, who can? And if he speaks wrongly why not call him to public account for it?

There is no inclination here to drag out the ghosts of a dead argument, but it is about time Mansfielders be given a straightforward report of what goes on in one of the most vital of the city's departments. And the report should come not from "a girl in the office" or a "higher up" but right from the man who is charged with the responsibility of guarding Mansfield's health whether his job is temporary or permanent.

Youth at the Steering Wheel

UNDERWRITERS of automobile liability insurance are introducing premium schedules which assign higher rates to coverage of vehicles which are driven by persons under 25 years old.

The new schedule is an effort to place a more nearly proportionate share of the cost of insuring vehicles on the drivers who are most frequently involved in damage claims, say the underwriters. Although less than 20 per cent of all drivers are under 25, those in that age group figured in more than 25 per cent of the accidents in 1946 resulting in death or injury.

The scheme appears prudent from the actuarial point of view. If it is established that young drivers are involved in more than their share of accidents, something also should be done to direct accident prevention efforts toward that group of drivers. Perhaps one of the things which should be done is expansion and betterment of the public school driver training program, under which high school students in many places can take driving lessons as part of their regular school work. Perhaps there is too much tendency to turn a car over to the young driver as soon as the mechanical functions of driving have been learned.

Young drivers may be more alert in their reactions than older ones, but it goes without saying that a youth who has no family responsibilities is not going to be so careful as an older man or woman who must think of the welfare of dependents before doing something careless or foolhardy.

Slow-Downs Hurt the Worker

IN SPITE of pleas of government to speed up production toward prosperity, Great Britain's output of coal and of textiles is still much too low.

Blame for this condition is laid to the depression-born policy of slowing down individual production with the idea of reducing unemployment. These two lines suffered severely between the two wars, and the workers have a fear of the return of the same condition.

Harold Wilson, president of the British Board of Trade, is engaged in trying to convince the workers that low production leads to unemployment. It lowers exports, which in turn means less money coming into the country to pay for the raw materials needed for production.

This circular action seems obvious to anyone devoting serious thought to the matter, but the workmen too often fail to think their problems through. The question of unemployment involves their emotions, prominent among which is fear. They need a leader who can convince them of the truth of the matter, at the same time directing their emotions toward doing the wise thing. The intellectuals at the head of their government seem too coldly reasonable to get the best results.

Men need intellectual conviction, but they need faith and hope to stir them into action.

Why Telephone Cords Twist

THE MYSTERY of the twist in the telephone cord has been revealed. A writer in the London Times explains that it comes from the practice adopted, he says, by many men and 90 per cent of the women, of lifting the receiver with their right hand and then transferring it to their left. When through, they replace the receiver with their left hand. Even the most amenable cord would develop a twist under such treatment.

Be that as it may, the rumor goes that the Hollywood studios, with their many telephones, have found it necessary to hire special untwisters whose sole job it is to keep the cords unkinked. Nice work if you can get it!

Los Angeles now has a cafeteria-style gas station. The motorist helps himself and pays five cents less than the regular price. The question is: who cleans the windshield?

As good a reason as any for continuing the house committee on un-American activities, says the Kansas City Star, is that the communists keep shouting for its abolition.

An Ohio woman has suggested that radio announcers who prattle about "hankies and undies" ought to have their mouths washed with soapie-woapie.

Vandenberg Holds Europe Policy Key

By MARQUIS CHILDS

WASHINGTON — Before the 80th Congress winds up and goes home, one more piece of major foreign-policy legislation seems certain to be adopted. It will take the form of a resolution establishing the relationship between this country and the new Western European union.

The final form of the resolution, which may eb even broader in scope that this suggests, depends largely on one man. That man is Chairman Arthur H. Vandenberg of the Senate Foreign Relations committee. A master strategist, Vandenberg will follow his own sense of timing in maneuvering the all-important declaration of policy through Congress.

The president of the Senate is looking these days like the canary that swallowed the cat. He has an innocent, genial smile for all visitors. As in the past, every reference to his possible nomination for president is brushed aside good-naturedly.

The Senator from Michigan has good reason to look pleased. The long, difficult business of the European recovery program ended in complete triumph. Paul Hoffman, who was Vandenberg's choice for recovery administrator, is demonstrating his capacity to put together an effective team to do the stupendous job.

Currently, in both Senate and House, there is a drive to make over the United Nations. This drive comes from two directions.

One source is the deep idealism of those, both in and out of Congress, who believe that the U. N. must be refashioned in such a way that the veto power is reduced or abolished and the sovereignty of world government affirmed, at least in part.

The idealists are willing to bring this about even though it should mean the withdrawal of the Soviet Union and her satellites. A second source of support for the drive to make over the U. N. is the fear and hostility of those who hope that such a move will force Russia out of the congress of nations.

Groups Overlap

No hard and fast line between these two groups can be drawn, so complicated are motives in this era of uncertainty. But when Secretary George Marshall appeared before the House Foreign Affairs committee, he addressed himself to both groups. In clear and forceful language, Marshall expressed his conviction that such a move would pave the way to war rather than peace. The end result of driving Russia out of the U. N. would be two rival alliances. The two alliances would almost inevitably move toward armed conflict.

What is more, although Marshall did not express it, is the concern that many western European nations would decline to become part of an American alliance in the event of such a split. Fear would keep them from joining up on "our side."

Senator Vandenberg in in general agreement with the views expressed by Marshall. The two have an excellent working relationship. It was cemented at the conference in Brazil last year when Marshall entrusted to Vandenberg the major back-stage negotiations. The Senator has deep sympathy with the Secretary of State for some of the pounding he has taken, unjustly in Vandenberg's belief.

The resolution that is finally voted upon the Senate floor is likely to be close to Marshall's own thinking. It will be copper-rivited, just as the ERP, to insure the acid test of acceptance.

Vandenberg also has a close working alliance with Chairman Charles A. Eaton of the House Foreign Affairs committee. Between the two is a strong mutual admiration and friendship.

As he proved when well-meaning but confused members of the House sought to distort ERP, Eaton is no mean strategist. When the smoke of battle cleared away, the bill went to the House floor in almost the same form it had come from the Senate. Now 80 years old, Eaton has just won a hot primary contest in his home district in New Jersey.

Well, I'm with him on that and his contention that it would be a mistake to remodel it and omit Russia. As the general says, U. N. isn't yet a smoke nuisance.

Vets Fight Freeze-Out

By THOMAS L. STOKES

WASHINGTON — It's a constant revelation, and not a pleasant one, to watch how small businesses trying to operate in the best tradition of our so-called "free, competitive enterprise system" are bumping their heads against big established corporate interests that use their power in a monopolistic, freeze-out manner.

Take, for example, the case of a bunch of young fellows in the air service who came back from the war, bought themselves some surplus cargo planes from their government with their own funds and contributions from relatives and friends and organized a number of companies here and there to carry air freight. This was the sort of business in the self-reliant American tradition to which they had been encouraged to look for after the fighting was over.

They got off to a fine start, some in late 1945, others in early 1946, and did a nice business for quite awhile. But obstacles began to be raised in their way, and some have lost out.

For one thing, not one of these air freight lines has yet been granted a certificate by the Civil Aeronautics boards, so that they have to operate under restrictions, among them, the difficulty to borrow money to finance themselves. Five of the six more important of these veterans' companies finally have been recommended for certification after two and a half years by a C. A. B. examiner's report, which still, however, must be approved by the C. A. B.

This dilatory C. A. B. certifying procedure was described as "shamefully slow" by one of their champions in Congress, Rep. John F. Kennedy (D., Mass.), himself a war veteran. This difficulty has not been insurmountable, for these are determined young men in this business.

But there have been others in which both the C. A. B. and the major air lines have had a part. One of which they have run afoul is the freeze-out, a rate-cutting process which the young Massachusetts congressman described as being a familiar tactic of big companies in fields other than air transportation.

* * *

"Undercut" Charged.

Last fall the certified air lines proposed and got from C. A. B. a reduction in the rate for air freight as low as 13 cents a ton-mile, and after that a second cut. The veterans' air freight companies protested and the C. A. B. ordered an investigation into air freight charges still not completed. The major companies certified to operate air freight have only 60 freight planes, while the veterans' companies have 125.

The veterans charged that the new rates were far below cost and that their sole purpose was to undercut them and drive them out of business. The big companies can stand to take a loss on such business, since they have little of it, and since they are receiving very handsome subsidies for carrying the mail, and recently have raised their passenger rates.

Only a few days ago C. A. B. granted another handsome increase in air mail subsidies which Rep. Kennedy said "amounts to the government using the taxpayers' money to finance those who are trying to crush the veterans' air freight lines." The new rates, which strangely are called "service rates," are five times the rates approved for air cargo, he said.

Lobbying's Top Capital Industry

By DREW PEARSON

WASHINGTON—No. 1 industry in the nation's capital has now become lobbying. Despite the lobbying act, the hotels, the cocktail lounges, the corridors of congress now swarm with more of these oleaginous back-slappers than during the war. Standing out above the rest is the oil lobby—king-pin of them all.

The oil lobby has just scored one great victory — Palestine — about which more later. Now it's concentrating on perhaps the richest of all prizes—tidelands oil.

Tidelands oil, the great continental shelf extending under the water off the Pacific and Gulf coasts, is estimated by some as more valuable than Arabia and the oil fields of the United States combined. Around 100 billion barrels lie buried in these underwater oil fields, as against only 20 billion barrels remaining in the dry-land oil fields of the United States.

"The petroleum resources of the continental shelf are ours to exploit whenever to exploit them becomes worth while," said Standard Oil in a statement to stockholders. And since the supreme court now takes a contrary view that the continental shelf belongs to the federal government, not the states, the oil lobby is focusing all its power on a bill introduced by Senator Moore of Oklahoma, himself an oilman, which would reverse the supreme court.

Having reversed the United Nations on Palestine, the oil lobbyists quite openly boast that they can put a law through Congress reversing the highest tribunal of the land.

* * *

The Lobbyist Army.

Like a well-organized army, the oil lobby operates through a front-line commander, shock troops, deputy commanders, plus psychological warfare agents, financial backers, and camp followers.

FRONT-LINE COMMANDER—Is Senator Ed Moore, Oklahoma Republican, who made millions out of oil, is about to retire from the senate, doesn't care what the voters think of him, and has introduced bill 1988 turning the continental oil shelf of the United States back to the states—chiefly to California and Texas. Senator Moore was able to afford a $25,000 contribution to Senator Pappy O'Daniel's radio fund in 1944.

SHOCK TROOP COMMANDER—Is Walter Johnson, attorney general of Nebraska, who draws a salary of $1,500 a month from the oil lobby and spends part of his time in Washington directing its legislative battle, despite the fact that he is supposed to be attending to the law business of Nebraska.

Just why Nebraska, a land-locked state, with no oil lands remotely near the sea, should be so interested in the tidelands-oil bill, is difficult for the average person to understand. The reasons and ramifications will become evident later.

DEPUTY SHOCK TROOP COMMANDER — Is William W. Clary, assistant attorney general of California. Although working for the state of California and paid $6,500 a year by the taxpayers of that state, Clary also works for the law firm of O'Malvoney and Myers which in turn represents 23 oil and utility companies, most of which will profit from tidelands oil. A lush bonanza of $270,000 in attorney's fees was dropped into the lap of Mr. Clary and his associates by various clients last year, and Mr. Clary even explains that he pays his salary as a state official into his law firm's kitty, splitting it with his partners.

How these state officials can get away with working for their state governments and for the oil companies at one and the same time is not only interesting but indicates why the oil companies are so anxious for state control of tidelands oil. State officials will be so nice and easy to get along with.

Gambling In Washington

By KENNETH L. DIXON

WASHINGTON — Once again, the District of Columbia is suffering from an acute attack of no-vote-itis, this time in connection with a grand jury investigation of an alleged hundred million dollar gambling racket.

And, as usual, the racket is that the taxpaying residents of this capital of the world's dominant democracy can do absolutely nothing about the farce.

At least, in other cities, the populace can — when finally aroused—rise up and, as the saying goes, vote the rascals out. Here, the much-misused public still must kick in with the traditional tax dollar as admission price, without the traditional right even to boo the performance.

As a result, we have to sit through some mighty sickening scenes.

The current gripe of most capital residents concerns certain alleged monetary connections between the big shots of the district's gambling regime and some individuals who draw their daily wages as members of the district police force. Whether there is any truth to the charges remains to be seen, officially speaking.

Unofficially speaking, there can be no doubt in the mind of any thoughtful local citizen that at least there has been a consistent record of curious inaction on the part of local police when it comes to the gambling racket. That is, of course, unless you believe that the occasional knocking off of a minor bookie or numbers joint is a conscientious campaign to eliminate the legal evil of large-scale gambling.

Unfortunately, most cynical citizens tend to follow the belief that such sorties merely serve as punitive measures against people who are sluggish in the pay-off or "protection" system—or at best, simply represent the sacrificing of certain small-time operators in order to please the public and satisfy the anti-gambling crusaders.

Actually, of course, even that "bone-to-the-dogs" routine is hardly required since the howling citizenry has no voting teeth. But let's bring the story up to date . . .

The existence of the gambling racket in Washington is unquestioned. The hundred-million-dollar a-year estimate of its take is generally considered conservative. The lack of any concentrated campaign to clean it up is a matter of historical record.

The reason for such a lack is obvious. Washington is ruled, not by officials elected by the local people, but by a committee of congressmen from distant and generally disinterested (insofar as local conditions are concerned) states. Naturally such legislators are self-announced advocates of law and order and eternal opponents of evil (it says here). However, it is conceivable that they are less active in the elimination of local evils than they might be were they answerable to the local populace at the polls.

* * *

Unprecedented Step.

In any case, it also is a matter of record that there never has been a really effective clean-up of local crime conditions — whether they concerned gambling or various other vices. Currently, one presumably is in progress, which brings us up to the case in point.

Some days ago, U. S. Attorney George Morris Fay announced that a special grand jury would investigate the Washington gambling situation, beginning May 17. It was, as the saying goes, an unprecedented step, and the local papers were full of the news for several days.

Immediately, district police Superintendent Robert J. Barrett, who was appointed over the protests of most Washington papers and countless leading citizens, offered the assistance of his department in the clean-up. In effect, it was practically a command-acceptance gift—but Fay, to all intents and purposes, rejected it.

He said that the grand jury probers could use certain information from the police (namely the addresses of 138 listed gambling leaders), but that otherwise they would call on the department only when they needed its aid.

The implication was obvious. The probers were taking no chance that a possibly paid-off police officer might tip their hand to the gambling czars. Right or wrong, the implication infuriated Barrett—and the furore has been fuming ever since.

But the point is this: shortly after the investigation was announced, the Kentucky derby was run. This correspondent proceeded to check with four different bookmakers whose phone numbers or places of operation are known to hundreds of people. They were completely unworried and accepting bets as usual—which should give you a hint.

Because if the people in this vote-less democratic capital could elect their own city officials, the gamblers would at least have gone underground until the heat was off!

Curiosities of Nature

By CALVIN A. BYERS

THE WILD is always full of curiosities. I sat under the leafy wildcherry on the slope, near where a big flat rock offers a smooth surface level with the ground. It is as big as a kitchen table top.

I tried to read, but every little while I was disturbed by the scream of a jay and the dropping of a white snail shell upon the stone. It happened twice before I took careful notice of what he was doing.

The jay would drop the snail shell upon the rock, then scream, then dart quickly down and produce a certain sound. I put my book down, and watched his antics. He turned the fallen shell, with his foot, thrust in his beak and sucked out the contents. When he flew away, I moved over the tangled wire fence to examine the flat stone. To my surprise, I saw at least a quart of shells that had rained down upon that stone and been swept off to the edge like a chain of white crushed limestone.

Where do these snails get lime? How can that curious creeping slug absorb enough natural lime, in this sandstone country where lime must be added to farm land, to produce its natural shell? Is it by some strange miracle of transmutation?

* * *

WHILE fishing on the nearer bank of the Clearfork I watched a blue-black crar do a similar trick. Four small green turtles were clambering upon a long green mossy stick beside the bank, when the crane dropped from a tall sycamore tree and picked up the turtle nearest to it. The bird flew up, dropped the turtle heavily upon a rock in the stream, then alighted and began to peck at the bloody shell.

Still not satisfied, the crane dipped its head beyond the eyes into the shallow stream and came up with a clam. Again it flew, and again something crashed against the rock. Very soon the bird was on hand again, hungrily thrusting its long beak into the contents of the clam shell.

Wading in the stream about the rock it was easy to find remains of many previous meals. Drifts of shells showed in the depressions washed out by the water. Perhaps, from his perch in the sycamore, the big bird can watch the habits of his prey,—perhaps he even chose that particular spot as his lookout because of the flat rock so handy in the stream.

10 Officials Seek To Retain Posts

Election May Bring Few County Changes

Next November's election conceivably could leave Richland county's official staff unchanged except for the sheriff's office.

Ten of the 11 county officials whose terms expire next Dec. 31 won re-nomination in last week's primaries. Only Sheriff Frank E. Robinson did not seek re-election.

The next sheriff will be E. P. Long, former Democratic sheriff or C. M. Chatlain, Republican.

Five of the present office holders have no opposition. The five without opposition in the general election include County Engineer Walter E. Rusk, Treasurer Charles C. Payne, Democrats, and Common Pleas Judge G E Kalbfleisch, Probate Judge Stuart H Cramer and Coroner Dr. D C Lavender, Republicans.

Present office holders who will have opposition are, County Commissioner John W Selby, and Prosecutor Theodore Lutz, Republicans, and Clerk o Courts Howard Wenning, County Commissioner Guy Stewart, and Recorder D D Orewiler, Democrats

Two others also were nominated for county commissioner John C. Friday, a former commissioner, and Fred W Dill of Bellville Friday is a Republican, Dill a Democrat.

Opposing Wenning for the clerk of courts post will be Edward R. Friday, Republican, while H. R. Barnes will oppose Orewiler for the recorder's post.

Prosecutor Lutz will be opposed by Harold Lutz, Democrat, and former prosecutor.

The terms of County Commissioner C L. Shoup and County Auditor Norman L. Wolfe have two years to go.

Neil S. Robinson, Republican, and C. L. Mitchell, Democrat, seek the post of county representative, left vacant by the death of John L. Catlett

Unions Rush To Sign Oath

WASHINGTON —(AP)— Government figures show today that there has been a rush of local union officers to sign non-communist oaths under the Taft-Hartley law.

The National Labor Relations board announced that during March and April the number of union officers signing the oaths rose from 39,947 to 74,797. This was a rise of 87 per cent

The great majority of the new signers are local union officers. In the two months the number of local officers signing the papers increased from 38,448 to 73,029. The number of national union officers increased from 1,499 to 1,768.

Bandits Rob Mail Trains

BERLIN—(AP) — Train robbery in postwar, disarmed Germany is more in the art of the second-story burglar than the wild west holdup man In fact, one of the main weapons against train bandits is searchlights, which either put them to rout or make them prey to capture.

Powerful spotlights have recently been installed upon mail trains which travel from the major U S and British ports in Germany, Bremen and Hamburg, through the Russian occupation zone to Berlin.

The action was taken after such trains had become the major target of bandits because they were heavily laden with thousands of gift parcels mailed by U. S. and British citizens to relatives and friends in Germany.

The bandits operate slyly They know where the train travels slowly and there they mount them and, while the cars are in motion, break open their doors and toss out the booty for accomplices to pick up along the rails

Livestock Feed Comes From Sea

NEW YORK—(AP)— In Australia scientists are trying to get fodder for livestock from the sea Looking for substitute feed for livestock in dry areas, they began experimenting with seaweed

The first results were good enough so that further tests are being made at the Veterinary research station at Glenfield, in New South Wales, the Australian Agricultural News Bulletin says.

Expect 300 Patrol Boys At Picnic

Schoolboy patrolmen from 20 Richland county schools will join patrol boys from the Mansfield schools at the annual picnic sponsored by the Richland County Automobile club at North Lake park May 18 at 4 p. m. Three hundred boys are expected to attend.

Plans for the picnic are incomplete, but Traffic Commissioner Frend C. Boals said the food committee is going to purchase 100 pounds of hot dogs, 55 dozen buns, 750 bottles of milk and 750 ice cream bars

Stanley W. Kamen, director of the city recreation department, and Floyd Dent, Scout executive, who are in charge of entertainment at the picnic, have not completed plans Boals said, however, that a ball game between Mansfield and Richland county boys is being contemplated.

Delegate Fights Plan To Bottleneck Issue

WASHINGTON — (AP) - Delegate Farrington (R-Hawaii) doesn't intend to permit the Hawaii statehood bill to become a dead issue for this Congress

Farrington told a reporter he does not regard as "conclusive in any way" the senate insular affairs committee decision Saturday to defer action at this time on the territory's application for statehood.

OPERA SEASON OPENS FOR MANY MANSFIELDERS

Metropolitan Opera Begins 23rd Season at Public Hall With Local Music Lovers In Attendance.

MANSFIELDERS will depart today to attend the opening performance by the Metropolitan Opera in the Public hall, Cleveland. As has been the custom for many years, local musicians and others interested in good music have purchased season tickets for the 23rd Cleveland season which begins today and continues through Saturday.

Among the season ticket holders are Dr. and Mrs. R. V. Myers, Dr. and Mrs. D. A. Weir, Atty. and Mrs. Henry Huston, Mrs. W. J. Hazeltine, Miss Louise Krause, Mrs. Mabel Greer, Miss Florence MacDonald, Mrs. Mary Berry, Miss Myrtle Booth, Mrs. Falsom Teeters, Miss Beverly Wentz and Miss Ermy Jenkins.

This afternoon 25 young people, members of the Crescendo Music Club, will leave by bus for Cleveland to attend Jules Massenet's opera, "Manon" which will be in French. Mrs. George Hall, their advisor, will accompany them.

Others from this city who are to attend tonight's performance are B. F. McLean, Mr. and Mrs. George Calhoun, Mrs. Glenn Taylor, Mrs. Richard Taylor, Miss Elizabeth Cole, Mrs. Henry Scott, Mrs. Joy Herbert, Mrs. Jay Chubb, Miss Martha Hammett, Miss Eleanor Wilcox, Miss Jean Hoffman, Mrs. Bert Thayler, Miss Esther Barnett, Mrs. F. H. McDowell and daughter, L. H. Oblinger and George Miller.

On Tuesday evening for the presentation of Richard Wagner's opera, "Die Meistersinger Von Nuernberg," which will be in German, Mansfielders in attendance will include Mr. and Mrs. W. C. Mann, Mrs. Herbert, Mrs. Glenn Taylor and Mrs. Richard Taylor and Mr. and Mrs. J. G. Woods and family.

For both the Monday and Tuesday operas dances will be by the Metropolitan Opera Ballet.

Starring in tonight's performance are Bidu Sayao, Frances Greer, James Melton, Ezio Pinza, Maxine Stellman, Claramae Turner, Martial Singher. Leading roles in "Die Meistersinger Von Neurnberg" will be taken by Polyna Stoska, Margaret Harshaw, Charles Kullman and Herbert Janssen.

Nine operas—five of them not heard in Cleveland for five or more years will be presented at this time. Two of the nine operas — Wolfgang Amadeus Mozart's "Don Giovanni" and Giuseppe Verdi's "The Masked Ball" will be brought to Cleveland for only their second Metropolitan performances in Public Hall. Wagner's "Die Meistersinger Von Nuernberg" will be heard in its third performance here. "Manon," not performed by the Metropolitan in Cleveland since 1939, will be given its fourth performance.

In addition, the casts selected for Cleveland will bring nine artists never before heard in Cleveland's Metropolitan seasons.

Zeta Chapter Gives Party For Mothers

A Mothers' Day breakfast was served Sunday morning at 10 o'clock at the Sky Club by members of Zeta chapter, Tri Gamma sorority. Twenty-six members and guests were seated at the long, attractively decorated table.

Crystal candelabra held an arrangement combining tall white tapers with small bouquets of yellow Shasta daisies and pale pink sweetpeas. Dainty lace-trimmed place cards marked the places of the mothers present. A corsage of carnations was given to each mother from the sorority.

Mrs. Eugene Cusic acted as toastmistress. The chapter president, Mrs. Nicholas Marion, gave the toast to the mothers and Mrs. L. B. Paste responded on behalf of the mothers of the girls.

A vocal ensemble composed of Mrs. Cusic, Miss Charlotte Paste, Mrs. Richard Sattler and Mrs. Richard Sowash presented an appropriate entitled "My Mom." This was followed by group singing by the sorority members.

Mrs. Robert Boggs and Miss Paste were in charge of arrangemeits for the breakfast and the program.

Out-of-town persons present at the affair were Mrs. Boyd Stull, Ashland, and Mrs. Boggs, Worthington.

A business session will be conducted by the sorority Wednesday evening, May 12 at 8 o'clock in the home of Mrs. Sattler, 397 Marion avenue.

'Day of Recollection' To Be Held By Deanery of Catholic Women

"A Day of Recollection," the first to be given in 1948, by the Mansfield Deanery Council of Catholic Women, will take place Thursday, May 13, in St. Peter's church for all Catholics and non-Catholics in the Mansfield Deanery.

The recollection will open with high mass sung at 9 a. m. Father Leo Coppens, Oblate Father O. M. S., Toledo, will be the conference speaker. The order for the day follows thus: 10 a. m., conference; 10:45 a. m., conference; 1:30 p. m., conference; 2 p. m., rosary; 3 p. m., conference; 3:40 p. m., closing with solemn benediction. Between the various conferences will be periods of prayer, meditation and spiritual reading.

Mrs. R. C. Straub is retreat chairman in charge of registrations. Rt. Rev. Msgr. R. C. Goebel, pastor of St. Peter's will act as host.

Hostesses will be Mrs. John Daley, president of the Mansfield parish council; Mrs. S. A. Lorens, St. Joseph, Galion; Miss Mary Connelly, St. Patrick, Galion; Mrs. Clem Metzger, Sacred Heart, Bethlehem; Mrs. J. C. Stump, St. Joseph, Crestline; Mrs. Paul Fox, Holy Trinity, Bucyrus; Mrs. John Carl jr., St. Bernard, New Washington; and Mrs. George Wechter, Moth of Sorrow, North Auburn. Mrs. Edward Davis, president of St. Rita's Sodality, will be in charge of ushers.

A large attendance is anticipated and representatives will be from Bucyrus, Bethlehem, New Washington, Shelby, Crestline, North Auburn, and Galion. Each woman is to bring a box lunch and coffee will be served by the Mansfield group.

Mrs. Charles Ritchey, Galion, is the deanery president.

No one denies that the principal aim of education should be to teach people to live together in peace and harmony. The problem is how and when to do this. There are three great institutions available for teaching our youth—home, school, and church—and if each functioned properly and conditions were ideal the results would be wonderful.

There has been a growing tendency to leave the job to the school and the church. But 25 hours a week in the one and two at most in the other are not going the other 78 waking hours belong to the home. Few mothers are capapable of, or have the time to give their children the over-all training that most of us relegate to school and church, but the home is by far the best place to teach the great principles of real living and, moreover, the responsibility for that teaching rests heavily upon the mothers of this generation.

Two principles which, in my opinion, children should be taught very early are respect for authority and a consideration for the rights of others. If they haven't learned this before they enter our public schools, they are a real descipline problem to their teachers and a menace to the other children.

I love to teach, but in many classes I find that all the joy of teaching is lost because of a few who are unwilling to cooperate. I am old-fashioned enough to believe that the parents not the children should run the home, and that the children should accept the guidance of mature experience until they have learned how to conduct themselves so as to insure their greatest happiness and security.

One of the big talking points of the Communists is their lack of race prejudice, and they make much of our intolerant attitude in this country. Children have no prejudice, racial or religious. Children take people for what they are. It is only as they absorb the ideas of their elders that they begin to make these distinctions and to assume a superiority over minority groups. Here again the preschool training in the home can set the pace for all their after life.

There seems to be a decided trend in education to make things "easy and enjoyable" for our children, rather than a matter of honest-to-goodness hard work in mastering an academic subject. I contend that that is not preparation for life. Life isn't easy, and hard work never hurt anyone. We are doing our children an injustice if we let them believe that anything worthwhile can be accomplished without hard work.

Last and not least I believe very strongly that the children of parents who have strong religious convictions and are loyal to and active in the church of their faith have a much better chance for happiness than those from homes where spiritual things have little value. To that end I believe profoundly in regular attendance upon divine worship. Regular church attendance alone on our part will not of course insure our children's future well being and success in life, but it presupposes a belief in God, an acknowledgment of our dependence upon Him and an interest in things of the spirit—all of which are essential for the mother who would influence the lives of her children for noble adulthood.

MOTHER OF THE YEAR . . . Mrs. Helen G. Hines sits with her grandson, Jimmy Hines, 10, and his dog, Rex, at their home in Springfield, Ill. Mrs. Hines' ten children were raised according to old-fashioned rules, with discipline beginning at home, she says.

Miss Alice Gordon Becomes Bride Of Donald L. Walker on Sunday

BEFORE an altar banked with palms, ferns, and two beauty baskets of pastel spring flowers, lighted by tapers in two seven branch candelabra, Miss Alice Marie Gordon, 105 North Weldon avenue, became the bride of Donald L. Walker. Miss Gordon is the daughter of Mr. and Mrs. Harry N. Gordon, Ontario, and Mr. Walker is the son of Mr. and Mrs. Chester Walker, Bellville.

The wedding took place yesterday at 4 p. m. at the First Christian church with the Rev. B. F. Hagelbarger officiating for the double ring service. Miss Alfaretta Bowden was the pianist and Miss Margery De Pue was the soloist.

Miss Gordon was escorted to the altar by her father. She wore a powder blue gabardine suit with a white silk crepe blouse with a dainty inset of lace. Her accessories were navy blue and her hat was navy with a hairline veil. She carried a pink rose corsage on a white Bible, showered with satin streamers.

Mrs. Vincent Rhodebeck, of Mt. Gilead, was her sister's only attendant. She wore a gray suit with a pink silk crepe blouse with a lace inset in front and pink accessories. Her flowers were a colonial bouquet of carnations, roses, and daisies tied with pink ribbon streamers.

Mrs. Gordon chose for her daughter's wedding a dark green suit with black accessories. She wore a corsage of white carnations. Mrs. Walker wore a blue crepe dress with black accessories and a corsage of white carnations.

Homer Walker, brother of the groom, was the best man. Wilbur Walker, Bellville, brother of the groom and Paul Gordon, Ontario, brother of the bride, were the ushers.

Immediately following the ceremony a reception was held in the church parlors with seventy-five guests present. The bride's table was centered with a three tiered wedding cake trimmed with light yellow rosebuds and green fern. It was topped with a miniature bride and groom. White candles burned in three tiered candelabra at each end of the table. Mrs. Harold West, Mrs. Robert Samples ,Mrs. Vincent Rodebeck, sisters of the bride and Mrs. Ralph Gordon, sister-in-law of the bride, served as hostess.

For her honeymoon through New York and Canada, the new Mrs. Walker wore a pink silk jersey dress with navy accessories and a navy topper. She wore her pink rose corsage she had carried at her wedding. After May 18 the couple will be at home at 105 North Weldon avenue.

The bride graduated from Ontario high school and Mr. Walker was graduated from Bellville high school. At the time of her marriage Mrs. Walker was employed at Max Diner. The bridegroom is employed at Westinghouse Electric corporation.

Out-of-town guests were from Elyria, Mt. Gilead, Bellville, Ontario, Detroit, Michigan, and Pennsylvania.

Wednesday evening Mrs. Elam Roth and Mrs. Otis Jones and Mrs. Walter Willis gave a party in the bride's honor at the Southern hotel. The honoree received many lovely gifts.

MEET FRIDAY

Friday evening at 8 o'clock the Evening Guild of St. John's church will meet to hear Mrs. D. A. Bode, president of the Synodical Women's Guild of Northwest Synod, guest speakers. All women of the church are invited.

For Tuesday, May 11
By GENEVIEVE KEMBLE

JUDGING by a chain of interesting lunar transits this may prove to be a day on which well-organized plans, executed by direct, forceful and determined action, may circumvent disintegrating, baffling and irregular conditions of surprising and sudden development. A jump in the wrong direction could spell defeat, frustration and loss, while studied ideas, shrewdly operated, pushed with enterprise and initiative could bring forth unexpected dividends, of lasting and gratifying benefit, and enduring progress.

For the Birthday.

Those whose birthday it is may encounter a year in which their efficiency, initiative and executive ability may be challenged. An unforeseen situation or adventure of critical import may tax ingenuity, skill, practical constructive ability, as well as sagacity, diligence and calm thinking. Well-planned and organized tactics, in peculiar or involved conditions, backed up by daring, determination and persistent efforts, might prove expansive, far-reaching and enduring in the way of progress, growth and personal satisfactions. This will react on the private life as well as financial and professional. Particular "know-how" from shrewd analysis and enterprise wins against major adverse omens.

A child born on this day is equipped to triumph over peculiar and unforeseen circumstances by shrewd and studied analysis backed up by determination and initiative

Boys, Girls Taught To Step Smartly Before Band

Mansfielders' Hobby Grows Into Drum Major School

By NITA BRANSON

A hobby of teaching drum majors how to step smartly ahead of a band which began with one boy pupil, has grown for John Them, his wife, Bette, and his brother, Bob, into an interesting and worthwhile job.

This year's course was completed last week when diplomas were presented to 11 graduates in the 1948 class and 11 pupils who graduated last year but who had never received their diplomas.

The training began two years ago at the suggestion of J. Merton Holcombe, leader of the Mansfield Senior high school band, who wanted a waiting list of competent drum majors ready to step into the job when they reached Senior high school.

Holcombe picked out John Them to do the job, he said, because, "he is an exceptionally fine drum major and a good teacher. I wanted the pupils to have a chance to learn under him."

Them has been a drum major for 10 years. He is exhibitionist with the American Legion band of Ashland and was a drum major during his high school days, graduating from Senior high here in 1941. He received his instruction from the late Richard Dent who was Ohio champion in 1939.

His brother, Bob, is drum major now at Senior high school and a substitute in the training school when needed. Mrs. Them formerly was with the American Legion Drum and Bugle Corps of Mansfield.

COMPETITION IMPORTANT

"The big thing in drum major work is competition," Them explained." Pupils join this course in their junior high days and by the time they reach Senior high they are competent exhibitionists. In our courses we teach all the basic fundamentals, together with discipline, twirling, military close order drill and precision."

Most of Them's pupils are girls, although at the beginning, the course was made particularly attractive to boys.

"But somehow boys don't seem as interested in the training as the girls,' Them said. "We have six from our two years of training who have made good."

They include Bonnie Cherp, of Bellville high school; Nannett Griffith, Sally Hassinger, and Jean Craft at Johnny Appleseed; Jeanette Bly at Shelby; and Shirley Tucker, head drum major at Appleseed.

What about the other 16 who haven't been placed? Holcombe had something to say about them.

"Even if they never get to lead a band, the training they had from a health standpoint is excellent. They've been taught coordination, precision and good posture and as a hobby it's a fine thing."

REVIEWED BY TEACHERS

Last Wednesday night when the 22 paraded for graduation they were reviewed by Miss Jeanne Worley, music instructor at Appleseed and Donald Tennant who holds a similar position at Simpson. The commencement talk was given by Holcombe

Although a charge of $1 is made for each lesson, Them said there is little profit left after all expenses are paid.

"We have to pay rent for the Eagles hall, all the records used in drill work, supplies and other things necessary to the training," he explained.

But Them, who is assistant manager of the Independent Towel Supply company during the day, finds the job a pleasurable evening hobby.

"I intend to start a class again next fall and will continue as long as anyone wants to learn," he said.

LEARN TO STEP IT OFF—Junior high students learn the art of drum majoring under John Them. In the picture at top are six graduates of Them's training school who have made good. They are, left to right, Bonnie Cherp, Jean Craft, Shirley Tucker, Jeanette Bly, Nannette Griffth and Sally Hassinger. Below, Mr. and Mrs. John Them show the Robbins twins, Nancy, left, and Nannette, how to hold a baton.

Efficiency Expert Tells About Women at Work

By CYNTHIA LOWRY, AP Newsfeatures Writer

NEW YORK—Girls, do you get along well with the men in your office? Do they like you?

If you do, and they do, chances are you'll get along well with your husband—and he'll like you.

Men, do you hate washing dishes?

If you do—and most of you do—chances are it's because the sink was placed just high enough to be comfortable for the little woman two inches shorter than you are.

Those are a couple of the diverse observations of Dr. Lillian Moller Gilbreth, a nationally known expert.

Dr. Gilbreth speaks from experience. She's the mother of 12 children, a homemaker for a big brood—and president of a firm of consulting engineers in management. Incidentally, she thinks that many women—many, not all—can successfully combine a home and a job.

"And anyone who says that women work for pin-money, for excitement or the chance to meet a nice young man who will support them for the rest of their lives has something on his side," the 69-year-old active woman said.

"One concern had done everything they could to halt mounting absenteeism and dropping employment. They'd cut down waste motion, retrain against fatigue, put in attractive rest rooms—but it kept right on. Then they talked informally with some of the girls. The problem simply boiled down to the fact there were no eligible young men employed there—and they couldn't do a thing about it."

It would be nice, she thinks, if people would only budget their time and energy the way people budget their income. She thinks, however, that you have to enjoy the budgeting idea before any such attempts will be successful.

Many men and women enjoy the long way around in their work—and "no one is a drudge unless they like drudgery."

Most jobs take much longer than you think they will. Consequently most people are always hurrying to catch up with their plans.

"People don't make allowances for interruptions—the phone ringing, the milkman coming, a child skinning his knee," she said. "The only way to find out how long it takes to do a job is to make notes on it."

There are lots of housekeeping and office shortcuts if people are of a mind to find them and use them, she said.

"Personally, I like a big, old-fashioned, inefficient kitchen.

Elect New Club Officers

The Gablean Bible club met Friday at the home of Mrs. LeMoyne Porch, 311 Wood street. Mrs. John Smith led the devotions. Mrs. Porch was in charge of the lesson study. Mrs Eli Teeter was elected president with the following officers also elected: vice-president, Mrs. Porch; secretary, Mrs. Pittinger; treasurer, Mrs. A. C. Warner, and reporter, Mrs. O. R. Anthony.

The next meeting will be May 21 at the home of Mrs. Mary Anna Wheeler, 52 Greenwood

Zercher Elected To Directorship

ASHLAND — Ben F. Zercher, recently named president of the A L. Garber company, has been elected a member of the board of the First National bank here to fill the unexpired term of the late Henry Guth.

By this move, Zercher becomes a director of the bank in which he was employed from 1913 to 1926 when he joined the Garber company.

Cool Salads Are Treat

In the spring our thoughts turn to crisp, cool salads, delicate and appealing as the first bright day.

Peach Cottage Cheese Salad calls for either sliced peaches or peach halves. Simply place the fruit around a mount of cottage cheese on a bed of lettuce. Top with a spoonful of currant jelly or strawberry or red raspberry preserves

Pineapple Cottage Cheese Salad uses the taste combination of pineapple preserves and cottage cheese which appeals to so mony families. All you do is combine the pineapple preserves with cottage cheese, place on a bed of lettuce and add a few walnuts or almonds to the top, or combine them with the cheese if you prefer.

Remember this combination of preserves and cottage cheese. You'll find it about the quickest way possible to whip up a delicious salad in no time at all and you'll find both preserves and cottage cheese are very economical at your grocery store

Springtime Means Toes Must Have Their Share of Care

SPRING TIME is pedicure time. Your winter-worn feet will have to be pampered until they twinkle. Ankle-strap emphasis on shoes will focus more attention than ever on ankles and toes.

Gather together all your pedicure implements, including a sizable enamel bowl and two towels. Fill the basin with about three inches of lukewarm water. Rinse both feet and dry. Add two inches of hot water to the basin and about one ounce of soap flakes. Remove polish from toe nails, working from little toe towards the big one.

Shape toe nails to a slightly rounded line, never allowing the free edge to extend beyond the tip of the toe. Be sure you don't cut the corners or file them down beyond the natural line of the free edge.

Soak right foot by allowing it to rest flat on the bottom of the basin so that the water comes as far as the ankle Remove right foot from water. Dry it thoroughly. Proceed with filing and soaking of left foot in some manner.

Use polish remover pads to neutralize the nail surface and enable perfect fusing of the nail to help resist peeling, chipping and wear. Do not touch nails with fingers after cleaning

Apply culticle oil, using cotton on an orange stick well around the mantle and under the free edge of the nails. Snip off hangnails and loose bits of skin only. Massage the skin of the entire foot with a hand lotion.

Remove left foot from water, apply cuticle oil and massage with hand lotion as above.

Wipe away excess with cleansing tissues and scrub toes with soap and water to remove residue from nails. Dry toes thoroughly, working the towel between the toes and around the mantle. Separate the toes with small cotton balls or rubber sponges.

Brush over all ten nails an even coat of a twin-coat polish, (double duty base and top coat) beginning with the small toe of the right foot. This base coat should give you a smooth surface for a more lustrous lacquer application. Let dry thoroughly.

Use a full brush of lacquer over all ten nails, beginning with the little toe of the left foot The newest trick is to leave a feminine crescent at the base of the nail far short of the tip to allow a wide hairline. It will help make the lacquer last longer because there is no danger of chipping. Apply two coats of lacquer but be sure the first coat is thoroughly dry before applying the second coat.

In selecting your shade of polish remember that pink is the big news for spring whether you select a sea shell pink or a gay spring fever one

To harden your nail make-up, apply a coat of fast dry. Wait a minute, then remove excess oil from your nails and your pedicure is complete.

MEET WEDNESDAY

The D. A. V. auxiliary will hold a social meeting Wednesday evening at 8 o'clock at the home of Mrs. Mable Watkins, 284 Superior street.

MEET THURSDAY

The regular meeting of the Jolly-ettes club will be Thursday at the home of Mrs. J. H. Wilhelm, 377 Taylor road. The hostess will be Mrs. Edward Marion.

Gains Made By Russians In 3 Years

Moscow Shows Steady Recovery

By WALTER CRONKITE

MOSCOW — (UP) — Moscow's man-in-the-street and the city in which he lives look far better today than three years ago when the Germans surrendered to end the war in Europe.

The average man has gained weight and is better dressed. The city is cleaner, brighter, gayer and more accommodating.

Mid-way during the third year of peace, the government announced that the production of Soviet industry, despite the pounding it took from the German invaders, passed its pre-war 1940 record. It was producing by October, 1947, more than it ever had in history.

That story is told in the official figures of iron and steel produced, of coal mined, of automobiles and tractors rolled off assembly lines.

But the story of Soviet recovery which the visitor here can see is in the faces of the people of Moscow and in the appearance of their city.

I have lived through two years of that reconstruction with the Russian people. During that time the improvement has been like the movement of the hands of a clock—imperceptible at the moment but well-defined at the end of the hour.

Today's Moscow street scene bears little resemblance to that of two years ago. New suits and coats no longer are a rarity Many of the women have discarded their shawls and are wearing new and becoming hats.

There are many new streamlined street cars and buses. There still are rush hour queues at some of the busiest points, but no more so than in many western cities. New taxicabs are available.

The food situation has improved considerably in recent months, and particularly since the lowering of prices and the revaluation of the ruble last December.

At some of Moscow's busiest intersections there are traffic jams these days — evidence of the healthy improvement of private automobile transport. Soviet favorites are turning out enough small and medium sized cars now so they can offer them to the public for sale. Hundreds of them are on Moscow streets.

Dozens of little public services have been resumed. A wine shop advertises that it delivers. Several theaters have ticket delivery service, and the airline will accept reservations by telephone. Purchases in stores are now neatly wrapped, and a drive to improve the courtesy of sales people has paid dividends.

Many of the buildings have been cleaned and painted. Restoration work on the age-old Kremlin has been continuing almost uninterruptedly.

The shop windows are cleaner, fuller and brighter. A gigantic tree-planting program has relieved the barrenness of many of Moscow's central streets and boulevards.

Scarcely a major street is without some sort of building or housing project, usually of major proportions.

Household furnishings are available again—things like mattresses and lamp shades and pots and pans—to make life easier. Refrigerators are on sale, and radios, and bicycles.

The food is good and the vodka and champagne are plentiful at Moscow's several cafes where the bands play until four a. m.

Lexington Youths On Critical List

Glenn Rinehart, 20, and Ted Potts, 14, both of Lexington, still are on the critical list in General hospital but both are expected to recover, a hospital aid said today.

The two boys were injured in the accident which took the life of Ted's sister, Donna Jean, 15, Wednesday night two miles east of Mt. Gilead. The accident occurred when a car driven by Rinehart collided head-on with a gasoline truck.

Famed Comics To Make Film

HOLLYWOOD—(AP)—The Marx brothers, who periodically announce their retirement from film appearances together now say they'll make two more films.

The famed comics are slated to make another comedy, now called "Hearts and Diamonds," in June. Brother-Manager Gummo says they'll make one more film after that and it will be the life of the Marx brothers.

After the Marx biography is filmed, Groucho, Chico and Harpo will go their own professional ways. At least that's what they say at this point.

BIKE ABANDONED

R. G. Lorantz, 128 Arthur avenue, Saturday turned over to police a blue and white girl's bicycle which had lain abandoned on his front lawn since April 5. Police said the owner may claim the bicycle by calling at the police station and identifying it.
